From New York Times Bestselling Author Elisabeth Naughton, the first story in a series about brotherhood, survival and unexpected love in a world filled with magic and betrayal. Careful what you wish for... Sentenced as a pleasure slave, Djinn Prince Tariq of the Marid tribe has but one duty: travel into the human realm and corrupt souls by granting wishes to the women who possess the Firebrand opal, a gemstone of magical power. Ten years of imprisonment have left Tariq bitter, but to save his brothers' lives, he'll submit to his endless personal hell, even if it means giving up his own hope for freedom. When Mira Dawson obtains the Firebrand opal, she's sure the rumors about its magical qualities must be fiction. Until, that is, she touches the stone and a dark and dangerous warrior appears in her living room, offering to pleasure her beyond her wildest dreams. Soon, fantasy becomes a temptation she can't deny. The only question left is...will the pleasure be worth the price? Because as Mira's been warned, nothing...not even fantasies...are free.

Step into my web...and you'll never get out. Chloe Hastings doesn't like rules, and she doesn't exactly play well with others. But she does have one amazing talent—she can get into the mind of killers like no one else. A police consultant and profiler, Chloe is definitely not like anyone that Joel Landry has ever encountered. From the moment they meet—in the middle of a bank robbery—she throws him off balance and pulls him under spell. She seems to have no fear, she plots constantly, and...Joel quickly finds himself trapped in her web. She needs a new partner...and he's just the man for the job. There's a sadistic killer hunting in the streets of New Orleans, and Chloe plans to catch him. First, though she needs a partner she can trust, and she's decided that Dr. Joel Landry is the best fit for the job. Sure, he has a dark past. The doctor was attacked by a serial killer, but Joel survived while his attacker did not. Now the ruggedly handsome doctor has turned to the shadows. He's learned how to hunt, how to fight, how to kill in a thousand brutal ways—in short, he's acquired all of the skills that Chloe absolutely adores in a man. He's exactly what she wants. She could become the only thing he needs. Together, they should be a perfect fit. She knows the minds of criminals better than anyone else, and Joel can protect her from any threat that comes their way.

They'll have one hell of a time tracking down the bad guys, provided Chloe and Joel don't kill each other first. Another unanticipated twist for the new partners? Their attraction to each other is explosive, their desire uncontrollable. One reckless kiss seals their fate, and their need won't be denied. And neither will the killer who waits for his moment to attack. Once you step into a spider's web, there is no going back. Author's Note: Chloe Hastings always has a plan in play. Her investigations are unusual, her friends are generally on the shady side, and her social skills? Well, those are pretty much non-existent. But Chloe solves every case that crosses her path, and she never, ever backs down. When she teams up with her new partner, all bets are off. Joel is gorgeous, sinful, and about to break through every wall that Chloe possesses. He'll fight for her, she'll fight for him, and the criminals in their path had better get ready. There is a new crime-solving team in town.

The writer becomes the story when crime reporter Mia Hale is discovered on a Jacksonville beach—bloodied and disoriented, but alive. She remembers nothing, but her wounds bear the signature of a sadistic serial killer. After years lying dormant, The Collector has resumed his grim hobby: abducting women and taking gruesome souvenirs before dumping their bodies. But none of his victims has ever escaped—and he wants Mia back, more than he ever wanted any of the others. FBI agent Eric MacFarlane has pursued The Collector for a long time. The case runs deep in his veins, bordering on obsession...and Mia holds the key. She'll risk everything to recover her memory and bring the madman to justice, and Eric swears to protect this fierce, fragile survivor. But The Collector will not be denied. In his mind, he knows just how their story ends.

As the rarest Elementals ever known, we're already a threat to the four celestial heirs; the popular, vindictive bullies who happen to be some of the hottest guys we've ever seen. It doesn't help that they're the most dangerous beasts in the Academy. And probably on earth too. Our fates are intertwined, but they want us gone. They've only got until the lunar eclipse to force us out and they'll stop at nothing to succeed. We never knew we had a birthright to live up to but now that we do, we intend to claim our throne. We can't expect any help from the faculty when it comes to defending ourselves. Burn for Me

Big, bad, and currently out of his element... Odin Shaw thought he'd spend his life on a battlefield. But fate had other plans, and now the ex-Special Forces operative has just landed a new job at his best friend's PI office. It's one hell of a life change, and the giant "Viking" is trying to adjust, fast, but then she walks into his life. Delicate, beautiful, and hunting a killer... Maisey Bright has been following the news. She knows that the small PI firm just helped track a killer and get the perp locked away—so Maisey figures that the towering man sitting behind the massive desk will be perfect solution for her current predicament. The cops don't believe her story, so Maisey has no choice. She wants to hire Odin. The job in question? Well, she needs him to help her find proof—irrefutable evidence—that her next-door neighbor is a serial killer. The gorgeous ones are always a little bit crazy... Odin figures the case will be a snap. He'll prove that Maisey's neighbor is most definitely not a serial killer. He'll do it in record time, and he'll score some extra cash for the PI firm. Maybe he'll even score some points with the lovely—but obviously way too crime-enthusiast-obsessed—Maisey. Piece of cake. It's not a piece of cake. It's a freaking nightmare. When Odin steps into Maisey's world, things seem off from the very beginning. Her neighbor is suspicious as hell, and when Maisey is nearly kidnapped after leaving her job, Odin realizes there is much more to the case than meets the eye. A whole lot more. He stays at Maisey's place to protect her—and to keep an eye on her neighbor. But the close proximity to the maddening Maisey stirs a fierce desire inside of Odin. Maisey is smart, off-beat, sexy...and when he kisses her, Odin is a goner. But first, the killer... Odin and Maisey set off to uncover the truth about her neighbor, and as they dig deeper into the disappearances of three women, Odin begins to suspect that Maisey may be dead right. He also realizes that he is falling for a woman who now seems to be the target of a killer. Looks like it might be time for Odin to go to battle once more. Because there is no way—no way—that anyone will hurt Maisey. Author's Note: Calling all true-crime enthusiasts! Maisey is your girl. She spends her nights listening to podcasts and sleuthing, but when she suspects that a killer is living next door, Maisey knows that she needs a professional partner...so Odin Shaw enters the picture. Odin has muscles for days, and he doesn't even blink when he faces danger. He's just the PI that she wants. Danger, romance, twists—time for their story to begin.
