Whether out for an afternoon's sail or embarking on a long offshore passage, there is always an element of chance and uncertainty about being at sea. To be responsible for the wellbeing of both crew and vessel, a good skipper needs to know their limitations and ensure they are operating well within the margins of safety. Safe Skipper is a practical and thought provoking guide for yacht skippers of all levels of experience, full of invaluable advice and tips on how to reduce to the minimum the risks of mishaps and equipment failure at sea. There's a wide range of information on seamanship, preparation, seaworthiness, gear, boat handling, leadership, teamwork, watch keeping, communications, navigation, weather and emergency procedures, all

delivered in a highly practical, lively, non-preachy fashion. Included throughout are useful checklists, box-outs and case studies of accidents and their causes, with survivors' testimonials and explanations of how disasters were avoided, or could have been, all of which provides valuable lessons for everyone who goes to sea.

"This is a curriculum based on the 2022 Edition of NFPA 1033: Standard for Professional Qualifications for Fire Investigators. This is a major overhaul from the previous edition which was organized to follow the structure of NFPA 921: Guide for Fire and Explosion Investigations. After meeting with the Executive Director of IAAI and the Director of Training and Education at IAAI, it was decided the structure of the program needs to drop the 921 structure and be based solely on NFPA 1033 and the associated JPRs"--

Coastal Cruising Made Easy is not only the official textbook for the ASA Basic Coastal Cruising Standard (ASA 103), but also the definitive go-to resource for all sailors who enjoy cruising and destination oriented sailing.

The text is published in full color and contains striking sailing photography from well-known photographer Billy Black, and world-class illustrations from award-winning illustrator Peter Bull. One of the text 's most distinguishing features is its user friendly "spreads" in which instructional topics are self-contained on opposing pages throughout the book. This easy to read learning tool follows the critically acclaimed Sailing Made Easy, which Sailing Magazine called "best in class" upon its release in 2010. Sailing Made Easy is the #1 resource in basic sailing education, and Coastal Cruising Made Easy is poised to become the industry standard in intermediate sailing education.
