Florence Williams explores the fascinating, cutting-edge science of heartbreak while seeking creative ways to mend her own. When her twenty-five-year marriage unexpectedly falls apart, journalist Florence Williams expects the loss to hurt. What she doesn't expect is that she'll end up in the hospital, examining close-up the way our cells listen to loneliness. She travels to the frontiers of the science of "social pain" to learn why heartbreak hurts so much and why so much of the conventional wisdom about it is wrong. Searching for insight as well as personal strategies to game her way back to health, Williams tests her blood for genetic markers of grief, undergoes electrical shocks in a laboratory while looking at pictures of her ex, and ventures to the wilderness in search of awe as an antidote to loneliness. For readers of *Wild and Lab Girl*, *Heartbreak* is a remarkable merging of science and self-discovery that will change the way we think about loneliness, health, and what it means to fall in and out of love.

*Shadow on the Mountain* recounts the adventures of a 14-year-old Norwegian boy named Espen during World War II. After Nazi Germany invades and occupies Norway, Espen and his friends are swept up in the Norwegian resistance movement. Espen gets his start by delivering illegal newspapers, then graduates to the role of courier and finally becomes a spy, dodging the Gestapo along the way. During five years under the Nazi regime, he gains—and loses—friends, falls in love, and makes one small mistake that threatens to catch up with him as he sets out to escape on skis over the mountains to Sweden. Preus incorporates archival photographs, maps, and other images to tell this story based on the real-life adventures of Norwegian Erling Storrusten, whom Preus interviewed in Norway.

Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara's older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she'd traveled too far, if there was still a way home. "Beautiful and propulsive . . . This book details the accounts of three expeditions into the interior of Virachey National Park in Ratanakiri Province of Northeastern Cambodia, as well as an excursion into the forests of Mondulakiri Province. The author and his Khmer-Lao and indigenous guides penetrate the remote canyons near the Laos border, a lost world of tropical jungles and remote grasslands that are known only to a handful of poachers and loggers. This book also describes the animist tribes who live on the park's periphery, including the Brao, Kreung, Tampuan and Bunong highlanders. This work of non-fiction is also concerned with the endangered wildlife that persists within the park's boundaries, such as tigers, clouded leopards, leopards, Asiatic elephants, gibbons, douc langurs, hornbills, and much more. For those interested in the natural history and indigenous cultures of Cambodia and Southeast Asia -as well as the

current threats to the region- this book will be of interest.

A Theological Contemplation on Prayer A Memoir

• A fresh perspective on a famous father and a legacy forged on the icy slopes of Mount Everest, the world's highest peak In 1963, the world followed the first American Mount Everest Expedition, and watched as "Big Jim" Whittaker became the first American to stand on top of the world. He returned home a hero. My Old Man and the Mountain is Leif Whittaker's engaging and humorous story of what it was like to "grow up Whittaker"—the youngest son of Jim Whittaker and Dianne Roberts, in an extended family of accomplished climbers. He shares glimpses of his upbringing and how the pressure to climb started early on. Readers learn of his first adventures with family in the Olympic Mountains and on Mount Rainier; his close yet at times competitive relationship with his brother Joss; his battle with a serious back injury; and his efforts to stand apart from his father's legacy. With wry honesty he depicts being a recent college grad, still living in his parents' home and trying to find a purpose in life—digging ditches, building houses, selling t-shirts to tourists—until a chance encounter leads to the opportunity to climb Everest, just like his father did. Leif heads to Nepal with all the excitement, irony, boredom, and trepidation that are part of high-altitude climbing. Well-known guides Dave Hahn and Melissa Arnot figure prominently in his story, as does "Big Jim." But Leif's

story is not his father's story. It's a unique coming of age tale on the steep slopes of Everest and a climbing adventure that lights the imagination and fills an emotional human endeavor with universal meaning.

A lyrical account of the author's long-time love affair with wolves offers thoughtful insights into the role of the wilderness in the American cultural consciousness and describes the long and difficult efforts to restore wild wolves to Yellowstone National Park. Reprint. 10,000 first printing.

Memoir of a Childhood in the Warsaw Ghetto

A narrative report by a woman who grew up near the Rocky Flats nuclear weapon facility describes the dark secrets that dominated her childhood, the strange cancers that afflicted her neighbors, her brief employment at Rocky Flats and the efforts of residents to achieve legal justice. 30,000 first printing.

My father's suspicious death, perhaps at the hands of a small town sheriff's department, forced my mother to flee our hometown--Idamay, West Virginia--a few days after he died in 1954. She was told that he'd hung himself in a jail cell in Fairmont, West Virginia, where he was being held for driving while intoxicated. She was afraid they would do something to her and leave us kids orphaned. Though we left Idamay, that town and our devastating loss followed us. My father's absence, though seldom spoken about, was "present" everywhere we turned. My mother never looked back. But when she died forty-two years later, his death came back to me in full force. I felt compelled to investigate further. I'd heard conflicting stories all my life. This book documents an investigation that yields more questions than answers for the seven-year-old survivor who has an insatiable need to know. This book is about this seven-year-old whose entire life was indelibly marked by this tragic loss that she experienced when she had just reached what is often called the age of reason. Her quest for the truth takes her to places she'd never dreamed she could go. Because there is so much she doesn't know, she finds herself leaning heavily on her imagination to help her to navigate this mysterious and fatherless world. When a ventilator prevented her from speaking during her final hours, Jennifer started writing. After her death, her husband turns to those pages to tell her story of courage and faith. James had just walked through the door after a day's work when Jennifer told him the news that changed everything: it was cancer. In the following two years they would lose their sense of normalcy and their dreams for the future. But along the way, they would gain something even greater than their loss. Told through the eyes of a grieving husband is this true story of a young woman's fight for her life. Jennifer's final words, penned by hand when a ventilator prevented her from speaking, provide a powerful backdrop to this journey of faith and hope. A memoir that also offers a practical pathway for those struggling with loss, The Last Seven Pages is a testimony of a God who is present in our darkest moments, and who turned a devastating illness into a life-changing promise.

Over the land of Morenia, dark clouds are forming, and flowers, trees and grass are changing to ash. A young peasant boy, Arangel, finds a hidden letter from his dead father which describes the Forest of Axter, the most beautiful thing he has ever seen and a sight which had made him feel a happiness he had never known before or since, adding mysteriously, 'even the dark clouds could not resist their power.'

Is the mysterious forest the key to fighting the curse which has overcome Arya? Arangel intends to find out. So begins a journey which takes Arangel to the caves of the Skeleton King and over the Crystal Mountains to a place where he hopes to discover the answer to his quest, and find the mysterious Forest Nymphs. The second and concluding part of the story, Forest Nymphs: Into the World of Shadows, will follow shortly

A powerful and inspiring memoir of a young Yazidi who served as a U.S. combat interpreter but was later forced to flee into the mountains of Iraq to avoid the ISIS slaughter of his people. Shaker Jeffrey's life has been an odyssey of courage, cunning, and desperation. His journey began as a fatherless Iraqi farm boy. As a child he hung out with American troops and practiced his English. Soon he was helping gather information about terrorists, becoming one of the youngest combat interpreters to work for the United States government, even attracting the notice of General Petraeus. When he was barely sixteen, ISIS overran his Yazidi community and slaughtered most of its people. He narrowly escaped to the mountains with the remnants of his community. But with incredible daring, he became a valuable go-between, informing the U.S. military of the plight of the trapped Yazidis. Time and again he risked his life, going into enemy territory disguised as an ISIS fighter to mount daring rescue operations. Shaker saved over 1,000 civilians from ISIS, including hundreds of girls forced into sex slavery, although he was unable to save his own fiancée from a terrible fate. Shaker's powerful and inspiring narrative offers a human face to the people and places caught in the crosshairs of a borderless conflict that has come to define our age.

September 11th, 2001 was America's wake up call to terrorism. Unfortunately, we hit the snooze alarm. The next wave of terror attacks won't be nation shaking, cataclysmic events. We're ready for that. Instead, they'll be minor, localized nightmares. Mere pinpricks to our country, but catastrophic to the small towns that find themselves in the crosshairs. Worst of all, there's nothing we can do to stop it from happening - or is there? A gritty novel extrapolated from real world events, this fast-paced, riveting thriller will leave you alarmed, angry, and awestruck at America's unpreparedness for the next wave of terror attacks. Some might refer to it as death by a thousand cuts, but the counterterrorism community calls it Small Ball. Small Ball is an indictment of our woefully wrongheaded security infrastructure and a testament to the resilience, resourcefulness, and integrity of the average American. You'll wonder why it hasn't happened already. Perhaps it's happening right now...

"In climbing the Seven Summits, Silvia Vasquez-Lavado did nothing less than take back her own life—one brave step at a time. She will inspire untold numbers of souls with this story, for her victory is a win on behalf of all of us." —Elizabeth Gilbert *Endless ice. Thin air.* The threat of dropping into nothingness thousands of feet below. This is the climb Silvia Vasquez-Lavado braves in her page-turning, pulse-raising memoir following her journey to Mount Everest. A Latina hero in the elite macho tech world of Silicon Valley, privately, she was hanging by a thread. Deep in the throes of alcoholism, hiding her sexuality from her family, and repressing the abuse she'd suffered as a child, she started climbing. Something about the brute force required for the ascent—the risk and spirit and sheer size of the mountains and death's close proximity—woke her up. She then took her biggest pain as a survivor to the biggest mountain: Everest. "The Mother of the World," as it's known in Nepal, allows few to reach her summit, but Silvia didn't go alone. She gathered a group of young female survivors and led them to base camp alongside her. It was never easy. At times hair-raising, nerve-racking, and always challenging, Silvia remembers the acute anxiety of leading a group of novice climbers to Everest's base, all the while coping with her own nerves of summiting. But, there were also moments of peace, joy, and healing with the strength of her fellow survivors and community propelling her forward. In *The Shadow of the Mountain* is a remarkable story of heroism, one which awakens in all of us a lust for adventure, an appetite for risk, and faith in our own resilience. "Hidden Mountain Secret Garden: a theological contemplation on prayer" helps the reader discover the riches of mental prayer in the Catholic Tradition. In fact, the images of the "Hidden Mountain" and the "Secret Garden" are ancient metaphors for contemplative prayer, a kind of prayer that begins and ends in faith. This book is especially for those whose prayer is a search for the loving eyes of One who has conquered death. This kind of prayer beholds the wonder of Christ's living but hidden presence in one's highest thoughts and most noble aspirations as well as in one's instinctual urges and deepest longings. The ecstasy of this kind of prayer extends beyond even the vast unexplored horizons of the

human heart and opens to an immensity of such excessive mercy that all else is forgotten -- and only love remains. The whole world needs this love: it is the secret garden, the hidden mountain, the inexhaustible riches only prayer knows and an excess of grace only prayer can make known. This is why Blessed John Paul II told the Church not to be afraid to open wide the doors of our hearts to Christ and it is why He told the young people of the world to be proud to proclaim the Gospel of the Lord. For those brave souls who have faithfully open their hearts to the Lord through this discipline of this kind of prayer, every Christian owes you a debt of gratitude. For those who want to join them, this work encourages you along the way -- for the journey you endeavor is at once the most perilous, the most heart-rending and the most wonderful adventure this world has ever known. "Dr. Anthony Lilles has authored an introduction to prayer that is inspiring and encouraging. For those desiring to pray this is a resource that is full of practical advice - written simply and attractively. This book bears the mark of a man - husband, father and teacher - who is not only imbued with the wisdom of the Saints, but who has also, through his own prayer, learned how all of us can, through prayer, foster faith in and love for Jesus and his Gospel." THOMAS G. WEINANDY, O.F.M., CAP. Executive Director for the Secretariat for Doctrine United States Conference of Catholic Bishops This is a wonderful book. I've taught spiritual theology many years and I wish I had had this text use. In fact, I wish I had written this book. It is scriptural, patristic, historical, theological, mystical, experiential and user friendly. Dr. Lilles takes us through the spiritual journey of prayer, citing Fathers and doctors, saints and even sinners to guide us on our Christian way toward contemplation. Weaving many themes into a harmonious whole, he opens up the life of contemplation for all Christians, our baptismal birthright in a way that is accessible and attractive. This is a book one will read more than once. FR. GILES DIMOCK, O.P., S.T.D University Parish of St. Thomas Aquinas At the University of Virginia In this book we find the real meat of the new evangelization. The church in America will not be renewed by "facts about Jesus" but only through one's choice to let Christ reach the heart and change it from within. It is an ancient message received by only few: Do not be afraid of letting go of what now defines you. Let Christ tell you who you are. Dr. Lilles is one of the ablest guides to lead us through to such a choice. Will I stay with knowledge about Jesus or will I enter the garden of prayer and finally come to know Him!! Do not be afraid to be loved, read this book. DEACON JAMES KEATING, PH.D, Institute for Priestly Formation, Omaha, NE

Gypsy Music Street  
Writing his memoirs from a mountain garden in Brazil, an elderly American recounts his experiences as a World War II ace, an investment banker, a resident in a Switzerland insane asylum, a murderer, and a slave to his coffee addiction. Reprint.  
Because American troops are in far off places in this world, fighting for causes that sometimes cost them their lives, and because our veterans from World War II are a dying breed, it is entirely fitting that we save the stories of our veterans so that their experiences and their voices will never be forgotten and so that current generations might learn about the horrors of war and how the impact of battle never really goes away. One such story is about a Maine man who spent World War II as a member of the Texan 36th Infantry Division. In the Shadow of a Mountain tells the life story of one of Maine's Medal of Honor recipients, Edward C. Dahlgren. It is a timely manuscript in that it details Dahlgren's struggles with Posttraumatic Stress Disorder, a condition affecting many of our military veterans returning from war zones today. It is a book that will help readers to know about the devastation of war and how we must always provide care and comfort for our returning veterans. When Lieutenant Edward C. Dahlgren stepped off the train that brought him home from a combat experience that should have killed him but didn't, he wore a chest full of medals, carried a heart full of sorrow for his men who never came home, and was faced with the daunting task of finding a way to live a life worthy of his survival. In November 1945 the guns of World War II were silenced but the battles continued for Lieutenant Dahlgren and many other soldiers who were haunted by the gruesome events of their war. He had lost 40 pounds from his slight frame and suffered from jaundice. He stammered when he tried to talk and his hands shook so badly that he couldn't hold a cup of coffee without spilling most of it on the counter or in his lap. He suffered night terrors in which German soldiers came back from the dead and pointed their rifles at him. For decades, he suffered in silence until another war erupted and a name was given to his troubles: Posttraumatic Stress Disorder. Once described as "Maine's very own Sergeant York," a reference to the movie about World War I Medal of Honor recipient Alvin York, Edward Dahlgren received his own Congressional Medal of Honor from President Harry Truman at a White House ceremony in the East Room in

August of 1945. Following the ceremony, Dahlgren returned home to Maine's northern most county to live a life of quiet dignity and amass a legacy of public service. Because of his service to his country in the time of war and his subsequent service to his community and his state in a time of peace, the flags of our country flew at half staff on the day of his funeral and when his passing was announced, The Bangor Daily News honored him with front page coverage. The book, In the Shadow of a Mountain, is the story of this unassuming hero who grew up without a father in the Swedish colony of Northern Maine, who went to war shortly after his mother's untimely death, who returned home so poor that he wore his army uniform pants until they wore out, who raised a family of four on a paycheck that sometimes didn't stretch quite far enough, who instilled a passion for fairness, honesty, hard work, and a love for learning in his children, who gave generously of his time to help establish a veteran's clinic and nursing home in Northern Maine, and who all the while suffered with PTSD. In the end, the way he lived his life was most definitely worthy of his having survived the horrors of his war. And, the way he lived his life provides lessons for all of us on how to live well even while struggling to do so. I was born with half a heart. God made up the difference.  
Do you remember your mother telling you when you were little that you'd never meet Mr. Right if you were spending all your time and energy with Mr. Wrong? And what about the book out a few years ago that created such a hoopla with the single crowd – He's Just Not That Into You? The two main characters in Winter Interlude either didn't heed their mother's advice or haven't read the book. Now, add into the plot that the two in question are enemies who regularly run into each other, given their current relationships. Paul Morrison, a hunky, blond, financial planner, has been putting time and energy into winning the heart of Kate Winter's best friend for almost as long as Kate, a strong willed antiques dealer, has been dating James Morrison, Paul's brother. The sparks start to fly when the two get stuck together for a three-hour drive to the mountains and years of misconceptions about each other are slowly being wiped out. It is in the confines of the BMW that the two begin their journey, taking them from being mortal enemies to lovers. Winter Interlude tells the story of their adventure – of how they finally find love. Kate and Paul's story is the first one in a series of four friends caught in a time warp. They can't move on because they are stuck on their idea of their perfect dreams. But sometimes life works in mysterious ways and they are all forced by circumstances to change. Show More Show Less

 We've all heard the song "The Twelve Days of Christmas," and we've all seen the traditional Christmas crEche. Now, author Sam Beeson and photographers Nina and Terral Cochran combine these two classic Christmas icons to create "A Rare Nativity." Upon reading the first lines of the book, it's clear the narrator holds a bitter grudge as he sends his enemy crude and discarded gifts: "On the first night of Christmas I gave my enemy " "a briar from a tanglewood tree. " "On the second night of Christmas I gave my enemy " "two rotten eggs." Night after night the "gifts" pile up--shards of glass, rusty nails, gnarled twigs, and more. What the narrator's enemy decides to do with each of these odious gifts is nothing less than a Christmas miracle. The photographic creation of the rare nativity at the end of the book is both a work of art and a wonder to behold. Forgiveness is something we all need to give and receive, and "A Rare Nativity" opens our eyes to the act of forgiveness and the true meaning of Christmas. It's a universal message to be shared with readers of all ages. Christmas is a season for giving. Make it a forgiving season.

Tiffany Noboru has just awakened from her death, only to discover she has been drafted into the Gargoyle Ghost Hunter Corps. Soon she is fighting jealous rivalries within her own ranks, struggling to unravel the mystery of her recent death, and trying to avoid being killed a second time by a maniacal ghost named Bones who is seeking the destruction of the gargoyle world. In this full-length novel, appropriate for teens and young adults, a new twist on the role of gargoyles is imaginatively brought to life in spellbinding fashion. Woven into the pages are twenty original works of art by Miimork, which breathe life into this ghostly tale.

"This memoir traces one man's journey through his family history when a DNA test reveals that his dad was not his biological father"--  
 It's 1937, the eve of World War II. At twenty-six years old, Rezsí Lehrer leaves Munkacs, a small charming city located deep within a remote corner of the Carpathian mountains and travels alone to the United States. War breaks out and Eastern European borders are

sealed. Rezsí's family is trapped in Czechoslovakia and the packages she sends home are returned unopened. When the war ends, Rezsí discovers her parents, two brothers and scores of relatives perished in the Holocaust. Gypsy Music Street is the story of one woman's endless sorrow and guilt she suffers at the loss of her family, the family she left behind "to die alone." Yet she still yearns to return to her town, "the little Paris of the East," to see it just one more time. But after the war, countries borders are redrawn and Mukacevo is no longer located in Czechoslovakia. It becomes completely closed off within the iron grip of the Soviet Union and the political climate is one of Cold War. Mukacevo is off limits for travel. As the years pass, Rezsí reminisces, sharing her longing and grief about the past with her daughter Bobbie. And when she dies an old woman, her dream unfulfilled, Bobbie is driven by her own loss and grief to make this journey home for her mother, and for herself.

Adventures in Budapest, Ukraine and Israel make Gypsy Music Street an enthralling memoir of love and loss. Yet, it is also a story of the overwhelming joy a daughter experiences when she travels back in time and discovers her own torn roots.

What causes a son to finally say enough is enough ... and decide "Today is the day I am going to kill my dad." Comedian Brandt Tobler has the answers in this funny, touching and sometimes downright unbelievable memoir of a small town Wyoming-kid turned "mall-fia" don, turned nationally touring comic. Brand tells his life story with candor, detailing the many pit stops, wrong turns, crazy connections and lucky breaks he experienced along the way to his comedy career, all while trying to balance a toxic relationship with his unreliable jailbird dad. In these pages Brandt will make you laugh (he better - it's his job!) and believe as he does that, when it comes to defining family, blood isn't always thicker than water. -- back cover.

This memoir is one of the rare first-hand accounts of a child's life in the Warsaw Ghetto and in hiding on the Aryan side. In this short, beautifully written account, the author weaves together memories from her wartime childhood, reflections on the psychological burdens and damages she carried into her adult life, and accounts of her travel, in the last decade of her life, to contemporary Warsaw, seeking to find traces of the past. In these pages, the reader will encounter events as they were experienced by a child, as well as insights and confessions of an adult-written vividly, honestly, and with striking psychological insight. This unique tapestry of time and perspective makes this book stand out in the vast and growing literature about the Holocaust. This is the black and white version.
