" Little Hawk " was born Raymond Kaquatosh in 1924 on Wisconsin ' s Menominee Reservation. The son of a medicine woman, Ray spent his Depression-era boyhood immersed in the beauty of the natural world and the traditions of his tribe and his family. After his father ' s death, eight-year-old Ray was sent to an Indian boarding school in Keshena. There he experienced isolation and despair, but also comfort and kindness. Upon his return home, Ray remained a lonely boy in a full house until he met and befriended a lone timber wolf. The unusual bond they formed would last through both their lifetimes. As Ray grew into a young man, he left the reservation more frequently. Yet whenever he returned—from school and work, from service in the Marines, and finally from postwar Wausau with his future wife—the wolf waited. In this rare first-person narrative of a Menominee Indian ' s coming of age, Raymond Kaquatosh shares a story that is wise and irreverent, often funny, and in the end, deeply moving.

" I have always chased my father, chased after his love, chased him through his many changes. I chased him

even when I thought I was running in the other direction. Today, even though he is gone, I chase him still. I know he is the key to my freedom. " To runners around the world, Dr. George Sheehan, author of the landmark New York Times bestseller *Running and Being*, was nothing short of a guru — the country ' s " greatest philosopher of sport. " But to his son Andrew, who had spent his entire boyhood longing for the attention and approval of an emotionally distant father, he was an incomprehensible paradox: a lifelong loner, who was now sunning himself in the spotlight of the nation ' s press; a hero to millions, who seemed to have no time for his own son. The events that transformed George Sheehan from doctor to family man to bestselling author and media magnet began at the depths of what we would now call a midlife crisis, when he rediscovered an old love — running. Twenty-five years after his days on a high school cross-country team, he remembered how running made him feel free, and began beating a solitary path down his suburban streets. With running as his new religion, the formerly quiet, withdrawn man became an unlikely evangelist, converting a sedentary nation to the theology of fitness, and in the process becoming an internationally known figure. But the freedom he found in running was not enough, and one day he left his family, having decided that life was " an experiment of one, " and it was time for him to start living it. Angry and disillusioned after years of enduring his father ' s self-absorption, and hurt by his apparent indifference, Andrew had long since begun the search for his own version of freedom, looking first to drugs and later to alcohol. By his twenties he was a confirmed alcoholic. By his thirties his marriage had fallen apart and he was drinking more heavily than ever. It was at that moment that his father threw him a lifeline. Although he was struggling with the cancer that would eventually end his life, Dr. Sheehan was the first to notice his son ' s pain, and to reach out to him. In this stunningly candid book, Andrew Sheehan describes the process through which these two men carefully and lovingly rebuilt their relationship. And in the effort to understand and forgive the dark side of his father ' s psyche, Andrew shows how he came to understand, and to transcend, his own. A gracefully written paean to the healing power of forgiveness, a memoir that will resonate with any " fallible " parent or child, *Chasing the Hawk* traces the arduous steps that carry father and son down the hard road to resolution, healing, and love.

The Blue Hawk

The first book in a funny, heartfelt, and irresistible young middle grade series starring an unforgettable young boy on the autism spectrum. For Bixby Alexander Tam (nicknamed Bat), life tends to be full of surprises—some of them good, some not so good. Today, though, is a good-surprise day. Bat's mom, a veterinarian, has brought home a baby skunk,

which she needs to take care of until she can hand him over to a wild-animal shelter. But the minute Bat meets the kit, he knows they belong together. And he's got one month to show his mom that a baby skunk might just make a pretty terrific pet. "This sweet and thoughtful novel chronicles Bat's experiences and challenges at school with friends and teachers and at home with his sister and divorced parents. Approachable for younger or reluctant readers while still delivering a powerful and thoughtful story" (from the review by Brightly, which named *A Boy Called Bat* a best book of the year). Elana K. Arnold's Bat trilogy is a proven winner in the home and classroom—kids love these short illustrated young middle grade books. The trilogy is *A Boy Called Bat*, *Bat and the Waiting Game*, and *Bat and the End of Everything*.

In his Nautilus Award-winning classic *Touching Spirit Bear*, author Ben Mikaelson delivers a powerful coming-of-age story of a boy who must overcome the effects that violence has had on his life. After severely injuring Peter Driscall in an empty parking lot, mischief-maker Cole Matthews is in major trouble. But instead of jail time, Cole is given another option: attend Circle Justice, an alternative program that sends juvenile offenders to a remote Alaskan Island to focus on changing their ways. Desperate to avoid prison, Cole fakes humility and agrees to go. While there, Cole is mauled by a mysterious white bear and left for dead. Thoughts of his abusive parents, helpless Peter, and his own anger cause him to examine his actions and seek redemption—from the spirit bear that attacked him, from his victims, and, most importantly, from himself. Ben Mikaelson paints a vivid picture of a juvenile offender, examining the roots of his anger without absolving him of responsibility for his actions, and questioning a society in which angry people make victims of their peers and communities. *Touching Spirit Bear* is a poignant testimonial to the power of a pain that can destroy, or lead to healing. A strong choice for independent reading, sharing in the classroom, homeschooling, and book groups.

The young detectives receive a trained peregrine falcon as a gift that involves them in an exciting mystery. Imagine their astonishment when the swift-flying falcon brings down a homing pigeon carrying two precious rubies! Startling events that ensue indicate the gems are a ransom that has been paid for the release of a kidnapped student from India, who had come to the United States to complete his education. But Tava, the son of a wealthy industrialist, is still being held captive. Hoping to find a clue to Tava's whereabouts, the Hardys try to track down the owner of the ruby-bearing pigeon. Their every move, however, is thwarted by the dangerous criminals not only involved in the kidnapping, but also in the large-scale smuggling of aliens from India to the United States. How Frank and Joe eventually outwit their adversaries climaxes this thrill-packed mystery adventure. A vortex of evil, passion, suspense and beautiful writing. Spanning three generations, four continents and two world wars, *The Shadow of the Hawk* brings together Kathleen and Hawk, each from different generations, backgrounds and outlooks. Through his naiveté and her patience and wisdom, they meet, not in his world, not in hers, but in a place almost mystical, unreal. Around them revolve: Cope the moonshiner, evil incarnate; Toad, nobility personified; Miss Jesse, on the edge of madness; Jonathan and

Judilon, Kathleen's children, both older than their mother's lover; Adam and Ruth, a frightened black couple stranded in an isolated white settlement in 1949; Robert and Raven Tallchief, the Indians who watch with lust which moves into unfortunate action; and 7, a sturdy man who tries to stop madness in two different worlds at one time. In a pond on the mountain above them floats a body stabbed many times, and someone unknown is making cyanide that will eventually take its toll. Faustine and Logan form the strangest love affair in all recorded literature, bringing about the death of a hidden community. Every page drives you relentlessly onward with another question that must be answered. This book is unstoppable.

One June day in 1870, Ben wanders away from his home on Hawk's Hill and disappears into the waving prairie grass. Michael Dante played the title role in *Winterhawk* (1975), a Western about a legendary Blackfoot Chief's character and his principles. In this novella sequel, he pens an ageless saga about ruthless railroad executives trying to assassinate him in order to build their railroad directly through his territory, taking the Blackfoot land without provocation. *Winterhawk* and his tribe remain strong as long as they can, to protect the land of their people, the land they call home, before the invasion of progress imposes itself on America. This inspiring story of a brave man, who stands up to and fight against those who have their own agenda for his land, evokes the nostalgic atmosphere of Western series that Dante frequently appeared in during American television's Golden Era, such as *Death Valley Days*, *The Big Valley*, *Daniel Boone*, *Custer*, *The Texan*, *Bonanza*, *Maverick*, and *Cheyenne*.

Life is tough and cheerless for Billy Casper, a disillusioned teenager growing up in a small Yorkshire mining town. Violence is commonplace and he is frequently cold and hungry. Yet he is determined to be a survivor and when he finds Kes, a kestrel hawk he discovers a passion in life. Billy identifies with her proud silence and she inspired in him the trust and love that nothing else can. Intense and raw and biting honest, *A KESTREL FOR A KNAVE* was first published in 1968 and was also made into a highly acclaimed film, 'Kes', directed by Ken Loach.

But the ghosts of the past have other plans for him and, soon, Jute and his friends must choose between their own deaths or the destruction of the entire land. All the while, the mysterious lady Levoreth races against time in order to discover who is behind the schemes of the Darkness.

*The Trail of the Hawk*, by Sinclair Lewis, is the chronicle of an inveterate Rolling Stone... Carl Ericson, a born rebel against conventions, finds himself from boyhood up at war with the combined forces of family, school and society, all three of which unite in trying to mould him into the average colourless human being. Consequently throughout his earlier years he is in perpetual disgrace, at home, at school and at college... Thus it happens that we find Carl in early adolescence a friendless and penniless wanderer, undaunted and thrilling with a sense of freedom and the boundless opportunity of satisfying his unquenchable curiosity about life. ...

The first of the three parts into which this chronicle is divided, "The Adventure of Youth," ... covers the formative years and helps to explain why Carl is what he is, and not otherwise. ... Part II, "The Adventure of Adventuring," ... is an undiluted joy. It is improbable, to be sure, almost burlesque, yet so joyous, so spontaneous, so kaleidoscopic in its varied scene and shifting action, that one must accept it with indulgent credulity. ... Packer in a department store, waiter in a third-class restaurant, mechanic in an automobile factory, chauffeur, professional tramp and candidate for the bread line, porter in a Bowery saloon, facing the problem of saving four dollars out of a weekly salary of eight, in order to gratify a new ambition, namely to see the Panama Canal, — such is a brief epitome of one phase of our Rolling Stone's career, a phase that all unconsciously is shaping him for bigger things. ... and the following year finds him in California, a partner in a profitable automobile repair shop. Then the big news reaches him of the first successful flights of Curtis and the Wright Brothers, and Carl recognises by instinct that here is the outlet for his pent-up energies, the one career for which his whole undisciplined nature has been crying out. Much has been written about aviation, both from the technical and the popular standpoint ; but it would be hard to find anywhere else in fiction any description that would give to the inexperienced a kindred thrill of breathless flight, of danger that is a fearful joy, and of confident omnipotence that is superhuman. And then, when this unrivalled "Hawk of the Air-men" is at the zenith of his powers, comes his third adventure, "The Adventure of Love." ... Of course, the inevitable happens: the Hawk has his wings clipped, flights are a thing of the past, a confining, although lucrative office position and a conventional apartment on the Upper West Side begin to prey upon his nerves; and soon the happy couple are quarrelling acrimoniously and often. But ... you cannot cage a hawk for long ... (Frederic Taber Cooper) --- "The Trail of the Hawk" is a truly lifelike chronicle of the fortunes of 'Widow Ericson's boy Carl,' of Joralemon, Minn., who becomes 'Hawk' Ericson, the daring aviator, and marries a very nice girl indeed. They had promised to find new horizons for each other, and when the resources of a New York flat in the way of horizons are exhausted, they sail for South America... (Atlantic Monthly)
