Carburetor adjustment? Yamaha
bear tracker 1999 - YouTube
Replacing the timing chain on a
Yamaha Wolverine 350, the original
chain was making so much noise
and has some slack so we decided
to replace it. *The reason...

4 Wheeler timing chain replacement
without removing the ...
Im fixing up a beartracker 250.
Starts right up with screwdriver to
both solenoid terminals and pull
start. Doesnt start at all with
electric start button. Neutral light
and reverse light come on when the
atv is running but when it is off and
the key is turned to on position, no
lights come on. When button is
pressed to start, nothing happens.

2004 Yamaha Bear Tracker
carburetor setting? - Yamaha ATV
...

I have a 2002 Yamaha Bear Tracker
250. When I start the ATV it runs
fine at idle, but when i try to ride it
with the choke off it cuts out and
acts like it wants to die. If I ride it
with the choke open just a little it
runs fine. I have tried adjusting the
needle on the carb so give it more
fuel and also have had a full carb
rebuilt kit put it in and new air
filter.
