Jhared Denaban, a cursed soldier, enters his country's service desperate to pay the generations-old debt caused by his race's betrayal. Though Shorn of his wings, like all his treacherous kind, Jhared still burns with dark desires for rebellion and flight. Posted to the border to protect Avelos from foreign invaders, he discovers that his best intentions inevitably turn toward chaos. As he seeks the source of grave political and magical threats, he must defend himself from the people who believe his death is the only way the ancestral debt can be settled. Lady Nemiah, High Priestess of Riana, struggles to keep her people safe on the Sacred Path. Her temple, tasked with preserving balance in Avelos, lost its standing, as well as the faith of its followers, when its priestesses rose against their rulers. Now she seeks forbidden history and heretical secrets to learn how to fight the magic that shreds her country. Only by betraying Avelos once again can Jhared and Nemiah save their country and all they love from destruction. But what new chaos will their choices create? Readers who love the political intrigue of Brandon Sanderson's Mistborn series, the world-building and complex characters of Robin Hobb's Farseer series, and the social exploration of power and magic of N. K. Jemisin's Broken Earth trilogy will be riveted by this tale of oppression and resilience, the high cost of vengeance, and the malleable nature of truth. Shorn carries us to a breathtaking new world on wings that won't be broken.

Shorn My Journey from Timid Sheep to Confident Shepherd

A Comedy Drama In Four Acts

A Trouvaille (1867)

Journals are great for writing down ideas, taking notes, writing about travels and adventures, describing good and bad times. Writing down your thoughts and ideas is a great way to relieve stress. Journals are good for the soul!

Bensie chronicles his journey from damaged boy who self-medicated by cutting the hair of shoplifted Barbie dolls to confused young man, paying hundreds of gay street hustlers to shave their heads. Humorous and honest, this book is a uniquely tangled love story, a triumphant quest for love, forgiveness, and self-acceptance.

I know... I'll tickle a woman's fancy. Most of all on these special days when she feels quite the little devil. I'm a man's man, you see. Square jaw, firm lips, commanding chin. Definitely not your silk painting instructor-more your mountain cabin intruder. Right now, Ida and Madeleine are gazing over my body as they would over an edge-of-the-world landscape. Their stares immediately flee the steel blue chill of my eyes, overclouded by thick, dark eyebrows. As their own eyes glide down the crest of my strong, slightly arched nose, they sense the raw power of the other, hidden end of the reptilian appendage. A promise further certified by biceps carved to hold and possess, and thighs sculpted to clamp and thrust. Unfortunately, I don't think that Madeleine and Ida feel the least devilish at the moment, so it looks like I'm spooking them more than anything else. And I have yet to speak... God knows I do my best. Yet, puppeteering these two dolls freshly battered and spit out by the war has turned out to be a bit more challenging than I expected. I ended up reeling them into a forsaken villa, deep inside a vast forest of eastern France. Had the birds not fled the area upon my arrival-as they always would-the place could have felt almost merry. A retreat of sorts; only for those more in need of hiding than finding. Ida was first to arrive-in bad shape. Madeleine joined her two days later-less emaciated, but just as disoriented. They were branded by the same crudely shorn skull, even though they had just been ejected from distant compartments of World War II. I took little pride in the fact that I had attended every station of their downfall. All in a day's work. Malin is as malign does.

A Play in Three Acts (Classic Reprint)

Excerpt from Samson Shorn, and His Locks Renewed: Or the History of Spirituous Liquors in Pennsylvania What and how early were particular steps taken To remedy the evil? How Far Does The Experience Of The Past Throw Light Upon The Present And The Future? "History, is the work of God. Its seemingly isolated and fragmentary events

are parts of one connected and orderly series, of which the divine Providence is the method, human welfare the chief subject, and the divine glory the last chief end." This definition accepted, and how can we do otherwise than study it? Especially the moral history of our own Commonwealth, who will say that on such an occasion as this, it needs an apology for presenting it? The real ground of complaint would rather seem to be, that such a history has been so long withheld. We must commence that history, however, with confession and humiliation. Pennsylvania, it is everywhere asserted, is entitled to a bad pre-eminence among her sister States, both for the use of intoxicating liquors and their manufacture. With such a county as Schuylkill, once containing a grog shop to every nine voters; as Berks, with a majority against prohibition, heavy enough to determine the vote of the State; with the immense amount of whiskey and lager beer annually manufactured by us; above all, with such a stigma resting on our history, as the "Whiskey Insurrection," how can we deny the oft-repeated impeachment? With the blood of Pennsylvania ancestors, as far back as A. D. 1700, flowing in our veins, we would deny the charge if it were possible; but it cannot be done, except at the expense of honest, candid, Pennsylvania truth. Heavily as the curse of intemperance has fallen elsewhere in our land, on us perhaps, in some respects, it has fallen the heaviest of all. Cullen Breslin hit his adolescent years harder than most teenagers did. Cullen's parents died a few months after his father relocated the family to Buffalo. Zachary, his older brother, had recently graduated college when the tragedy struck... Cullen never felt comfortable invading Zachary's life. A new home, new school and new friends established Cullen as a quietly popular sixteen year old after his first year in Fullerton. There were rough edges particularly with some of his friends. Trouble was attracted to him no matter how much he wanted to avoid it. Then, one indiscretion would steal his innocence and lead him towards disaster.

Even Shorn takes its title from the Song of Solomon and that Book's equation of pastoral feminine beauty with the plenty of harvest. Isabel Duarte-Gray argues that material bounty no longer exists in the rural spaces where she was raised. Duarte-Gray's poetry mines local orature, family history, and folklore for the music of Western Kentucky, creating the sparse line breaks and the harsh syntax of the present. The poems describe quilt patterns with sinister shapes: "a snake's tongue is a trigger finger/Man's tongue pleases no one." Animals proliferate: "One cat became five/five became nine. /Then a flood and ebb/as each moon brought its tide/below the trailer floor..." A grandfather plays drunk, solitary Russian Roulette. A cousin lives in a closet. Duarte's poetry is shocking, whip smart, and truly unique.

Life is going to break you at some point in time, Multiple points even. That tends to do damage to one's self esteem levels. Another fact about life is that there are sheep and there are shepherds. The sheep tend to have no guidance or direction. They need to be led, and in most situations, just exist to service the needs of the shepherd. Humans aren't that much different, we subconsciously yearn for any semblance of direction, a gigantic arrow sign in the sky with blinking neon lights, telling us where we should go or what we should be doing, which owes partly to the fact that we do not know why we are here (or how we got here even). On the flipside, the true winners in this lifetime are those who have been able to shed their wool, stand upright with their staff, and lead the herd, which requires confidence, and this confidence can only develop in individuals with skyscraper levels of self-esteem. They typically possess massive amounts of self-belief in their ability to influence and lead others. This is the baseline mindset of a Shepherd. Some are born with the shepherd traits and hone it via the environment they have grown up in. Others, merely adopt it after a long series of self-deprecating life experiences. These former sheep are now equals with other shepherds. They have

transitioned from betas to alphas and forced their own luck to come their way. They are the Shorn. The narration of my life's experiences will serve as a set of tips, to help you build and rebuild your esteem levels. It will be your guide on your path to shedding all sheep-like traits (self-pity, self-doubt, irrational fear), and replacing them with that of the Shepherd's, which radiates leadership and confidence. Your happiness has a direct correlation with your esteem levels, and you will enjoy a slightly more improved standard of life once you understand the boosters of self esteem, and how to maintain them. - CWD

Out of the annals of the author's own family history comes this story of the strange death of a popular circuit judge in a mysterious shooting that remained unsolved for many years. "Who shot the Judge?" remained an unsettled question, despite all efforts to find the answer. This is the account of a hunting accident in the north woods of Michigan and the effects of such unsolved mystery on members of the family and others. The story concludes with a surprise ending and alludes to the question of the degree to which such unhealed grief might affect even succeeding generations. The prompting to write the story was born for the author in an experience of personal healing in a prayer group, from which the author emerged with a compelling sense that this story had to be written. He could never seem to let it go. The judge was the author's own grandfather, whom he, of course, never knew.
