Getting the books **Corbyn** now is not type of challenging means. You could not and no-one else going once books addition or library or borrowing from your friends to admittance them. This is an extremely simple means to specifically get lead by on-line. This online pronouncement Corbyn can be one of the options to accompany you later having additional time.

It will not waste your time. agree to me, the e-book will extremely impression you extra event to read. Just invest little epoch to get into this on-line statement **Corbyn** as skillfully as evaluation them wherever you are now.

How should the left respond to electoral defeat, the leadership of Keir Starmer and a global crisis? British politics is in an extraordinary place. Grace Blakeley introduces an indispensable collection of analysis and comment. In *Futures of Socialism*, Sam Gindin and James Meadway reassess socialist strategy after the coronavirus; Dalia Gebrial and Siân Errington debate austerity and precarity; Joshua Virasami and Simukai Chigudu explore anti-racism and the legacy of Empire; and Leo Panitch and Momentum co-founder James Schneider probe the limits of parliamentary socialism. Chris Saltmarsh assesses the prospects for an eco-socialist Green New Deal and Cat Hobbs argues for the ongoing centrality of public ownership to socialist policy. *Futures of Socialism* takes an in-depth look at the reasons for Labour's 2019 election defeat, with Unite's Andrew Murray on Labour's Brexit position, Tom Mills on the British media, Gargi Bhattacharyya and Jeremy Gilbert on better ways to build a political project, and Keir Milburn on generation left. The anthology also compares the fortunes of the British left with socialist movements overseas, in despatches from Europe and America. Blakeley draws on the talents of all sections of the post-Corbyn left to survey the prospects of "a movement that has dominated the horizons of our lives."

He is a most unlikely revolutionary: a middle-aged, middle-class former grammar schoolboy who honed his radicalism on the mean streets of rural Shropshire. Last summer, this little-known outsider rode a wave of popular enthusiasm to win the Labour Party leadership by a landslide, with a greater mandate than any British political leader before him. This new edition of the critically acclaimed biography brings the Jeremy Corbyn story fully up to date, setting out how this very British iconoclast managed to snatch the leadership of a party he spent forty years rebelling against and, despite rebellion from within his own ranks, managed to galvanise millions to vote for him in the 2017 general election. Engaging, clear-sighted and above all revealing, *Comrade Corbyn* explores the extraordinary story of the most unexpected leader in modern British politics.

In the grand tradition of *The Diary of a Nobody* comes the secret diary of the twenty-first century's most unlikely leader: Jeremy Corbyn. Jeremy Corbyn is a committed allotment holder, expert jam maker, dedicated manhole cover inspector... oh, and occasional Leader of Her Majesty's Opposition. When not cycling around his beloved Islington or tending to his courgettes, he spends his time frantically dodging MPs, spin doctors and vicious journalists craving his opinion on Brexit. In these tumultuous times, everyone wants a piece of the beardy firebrand. So who is the man behind the corduroy? *The Secret Diary of Jeremy Corbyn* plunges readers into a world of dizzying highs, crushing lows, fervent loyalty and bitter treachery – and that's just the section about the Highbury Pottery Club. Readers will be moved, amused and astonished by the wit and insight of politics' greatest outsider: the man, the legend, Jeremy Corbyn.

This book provides an accessible yet critical analysis of the Labour Party under the leadership of Jeremy Corbyn (2015-2020) in the context of the contemporary British political economy. It analyses structural constraints on left-wing politics and evaluates the transformative potential of Labour's economic and social policies under Corbyn. Drawing from a neo-Marxist and neo-Gramscian framework, the book argues that the material, institutional and ideological conditions before 2015 opened political space for a left-wing Labour Party, although the dominant historical structures severely limited its chance of coming to power. In addition, the book argues that Labour under Corbyn should not be dismissed as 'populist', and that its policies aimed to redress structural economic problems, promote economic democracy and tackle contemporary challenges. The book also highlights the importance of adopting a long-term approach to counter-hegemonic political struggle so as not to shrink the space for progressive politics.

A Journey With Jeremy Corbyn With Equality In Love And Hate: Jeremy Corbyn Labour Party

GAME CHANGER Eight Weeks That Transformed British Politics

Keep Calm and Listen to Jeremy Corbyn

Jeremy Corbyn is the most unlikely revolutionary: a middle-aged, middle-class former grammar schoolboy, who honed his radicalism on the mean streets of rural Shropshire. Until recently, he was barely known outside political circles, yet today he is the leader of the Labour Party having won by a landslide, riding a wave of popular enthusiasm. From Corbyn's cosy rural upbringing, through three marriages - including his decision to divorce one wife for sending their son to grammar school - and his long espousal of contentions causes, including Irish republicanism and a free Palestine, this book is the story of the most unexpected leadership contest ever to take place in modern British politics.

Post-war Labour England wasn't a bad place to live, but after Labour's 2015 election defeat, the prospect of a healthier, happier and fairer country seemed more remote than ever. Who would have predicted that career backbencher and serial rebel Jeremy Corbyn would be the one to breathe new life into a near moribund Labour Party? Defying all odds, and most commentators and pollsters, Labour staged a remarkable comeback at the 2017 election. Love him or loathe him – and most people feel one way or the other – Corbyn represents a new hope, which everyone believed had been extinguished by the bitter hostility of the Thatcher era and the grubby triangulations of the Blair years. Almost uniquely amongst European social democratic parties, Corbyn's party has rallied. It has turned its back on New Labour, membership is thriving and, at long last, the party is appealing to the young. Labour England wasn't dead – it had merely been sleeping. In *Jeremy Corbyn and the Strange Rebirth of Labour England*, Francis Beckett and Mark Seddon offer an alternative and refreshing take on the sad fate of Labour England over the past four decades. They then turn their attention to the extraordinary reversal of fortunes of the Corbyn years, and to what a new Labour England might look like – with or without Corbyn.

Jeremy Corbyn & Gerry Adams

Leo Panitch, Sam Gindin, and Stephen Maher provide a newly updated and expanded primer for twenty-first century democratic socialists. *The Socialist Challenge Today* presents an essential historical, theoretical, and critical perspective for understanding the potential as well as the limits of three important recent phenomena: the Sanders electoral insurgency in the United States; the Syriza experience in Greece; and Corbyn's leadership of the Labour Party in the United Kingdom. The renowned coauthors compellingly convey the importance of developing strategic and practical capacities to democratically transform state structures so as to render them fit for realizing collective democracy, social equality, sustainable ecology, and human solidarity.

Jeremy Corbyn's Ascent

People Get Ready!

When Theresa May called a snap election in 2017, Labour was more than twenty points behind in the polls and it seemed the only question was how big her landslide would be. The experts argued campaigns don't move opinions much and young voters would not turn out. But Jeremy Corbyn and his team had other ideas. They knew people were angry about austerity and were confident they would support a manifesto for the many not the few. In the most dramatic election of modern times, Corbyn's inspirational campaign transformed British politics. Labour won its best vote for twenty years and the largest increase in its vote share since 1945. Far from winning a landslide, the Tories were left without a majority and forced to abandon many of their unpopular plans. Steve Howell was at the centre of Corbyn's election machine. A member of the Labour leader's strategy group, he was involved in all the key campaign decisions. From the outset, he believed that Corbyn's campaigning skills, enthusiastic army of supporters and hopeful message could produce a surge in support. In *Game Changer*, he tells the story of eight weeks that transformed British politics.

How Jeremy Corbyn, the radical left candidate for the Labour leadership, won twice—and won big In the 2017 general election, Jeremy Corbyn pulled off an historic upset, attracting the biggest increase in the Labour vote since 1945. It was another reversal of expectations for the mainstream media and his 'soft-left' detractors. Demolishing the Blairite opposition in 2015, Corbyn had already seen off an attempted coup. Now, he had shattered the government's authority, and even Corbyn's most vitriolic critics have been forced into stunned mea culpas. For the first time in decades, socialism is back on the agenda—and for the first time in Labour's history, it defines the leadership. Richard Seymour tells the story of how Corbyn's rise was made possible by the long decline of Labour and by a deep crisis in British democracy. He shows how Corbyn began the task of rebuilding Labour as a grassroots party, with a coalition of trade unionists, young and precarious workers, students and 'Old Labour' pugilists, who then became the biggest campaigning army in British politics. Utilizing social media, activists turned the media's Project Fear on its head and broke the ideological monopoly of the tabloids. After the election, with all the artillery still ranged against Corbyn, and with all the weaknesses of the Left's revival, Seymour asks what Corbyn can do with his newfound success. A demon's kiss and a witch unleashing Hell is no way to start a new school year. Something's wrong with Corbyn Black. Ever since she turned fifteen, she's suffered from night terrors, sees the dead, and attracts strange animals. Things only get worse when her mom moves them to a remote mountain town. There, she meets Seth, a boy who answers to the same call of darkness, Tala, a beautiful girl cursed to shifting into a werewolf, and Jay, whose instincts to protect Corbyn from the supernatural activity plaguing the town are just as strong as his desire to hunt her down. But just as Corbyn's newfound magic unfolds, so does its dark roots -- and her connection to the town matriarch and witch who plans to unleash Hell's demons to ravage the Earth. Uncertain about herself, her allies, and her ability to pass beginning algebra, Corbyn must choose her place in the

battle as Hell's forces are unleashed. "A fresh breath of adventure, magic, and romance. Corbyn doesn't shy away from dark powers or unexpected attractions. Grab this trilogy!" - D. J. Butler, author of the Dragon-Award winning novel, "Witchy Kingdom." "Booksmart meets Twilight in this fantastic urban fantasy series." - Neo Edmund, author of, "Red Riding."

Is Socialism Possible in Britain?

A Post-Truth Novel

Comrade Corbyn

The lessons of the Corbyn years for the future of left politics Is Socialism Possible in Britain? analyses Jeremy Corbyn ' s tenure as Labour leader and the prospects for parliamentary socialism in a post-Corbyn Britain. Lively and insightful, it is informed by an insider ' s view of the most radical period in Labour ' s history. A veteran of the Stop the War Coalition, Andrew Murray was seconded to Corbyn ' s office from the Unite trade union and witnessed an extraordinary daily bombardment from sections of the Parliamentary Labour Party and the media. He candidly assesses the leadership ' s response to the antisemitism controversy and the dilemmas of Brexit, as well as Keir Starmer ' s restoration of a turgid neo-Blairism. The problems that beset Corbyn are likely to confront any similar political project. Is Socialism Possible in Britain? explores how they can be more effectively addressed in the future – a future which we must hope is not so far away.

Jeremy Bernard Corbyn, Member of Parliament for Islington North since June 1983, was born in Chippenham on 26th May 1949. He's been Leader of the Labour Party and Leader of Her Majesty's Opposition since 12th September 2015.

‘ Liam is one of Britain ' s most brilliant young writers. He was ridiculed for believing a Corbyn-led Labour party could inspire people – but ultimately completely vindicated. If you want to know why the youth surge happened, this is an absolute must-read. ’ Owen Jones The 2017 general election saw Jeremy Corbyn inspire young people to demand a new kind of socialism. Now, from the heart of the Labour Party, Liam Young asks how this new movement can help secure a fairer and better society for all. When Jeremy Corbyn decided to stand for the Labour leadership in 2015, Liam Young - then just 19 years old - knew this was a watershed moment for the party and for young people across the country. He joined Corbyn's campaign and was soon writing for the Independent and the New Statesman, explaining how the new leader would energise the youth vote and bring forward a new kind of politics. While many commentators questioned Corbyn's actions, Young wrote about how his policies would work and be hugely popular. He harnessed the power of social media and is emerging as one of the most influential voices on the left for his generation and beyond. When the general election results of 2017 came through, he was not surprised by the surge in support for Corbyn's Labour. Rise is not only a superb insider account of how the youth movement in the Labour Party galvanised a nation that will appeal to readers of books by Owen Jones and Paul Mason, but it is also a manifesto for the future and a call to action for anyone who believes it should be possible to create a better Britain.

New, updated edition of an important and timely critique of Anti-Jewish sentiment on the left. There is a sickness at the heart of left-wing British politics, and in recent years it has silently spread, becoming ever more malignant. Today, it seems hard to believe that until the 1980s, the British left was broadly pro-Israel. And while Jeremy Corbyn ' s leadership may have thrown a harsher spotlight on the crisis, it is by no means a recent phenomenon. The widening gulf between British Jews and the anti-Israel left, now allying itself with Islamist extremists who demand Israel ' s destruction, did not happen overnight or by chance: political activists made it happen. This book reveals who they were, why they chose Palestine and how they sold their cause to the left. Based on new academic research, Dave Rich ' s nuanced and thoughtful guide brings fresh insight to an increasingly fraught debate. As the question becomes more urgent than ever, this new, fully updated edition, taking in events since 2016, provides an essential guide to the left ' s increasingly controversial ‘ Jewish problem ’ .

The Inside Story of Labour Under Corbyn

Prime Minister Corbyn

A Parody

Preparing for a Corbyn Government

General Election Jeremy Corbyn Polls

Have you ever wondered what would have happened if ... Britain had lost the Falklands War? Scotland had voted ‘Yes’ in 2014? German reunifi cation had never happened? the Conservatives had won an overall majority in 2010? Lyndon Johnson had been shot down in 1942? David Miliband had beaten Ed Miliband to the Labour leadership? Lynton Crosby had changed sides in 2015? or Boris Johnson had become Prime Minister after the European referendum? Welcome to the world of political counterfactuals, where scholarly analyses of possibilities and causalities take their place beside enthralling fictional accounts of alternate political histories - all guaranteed to enlighten and entertain (or make you shudder at the thought). From a permanent union between France and the UK in 1940, to a ‘Yes’ vote in the Scottish independence referendum of 2014, to Jeremy Corbyn becoming Prime Minister in 2020, get ready to see a century of political history turned on its head with twenty-three expert examinations of things that never happened (or likely never will) - but easily could have if events had so conspired...

This book surveys and lays bare the internal battle in the United Kingdom's Labour party over ideas since the mid-1990s to the present day. It focuses on the leadership periods of Tony Blair, Ed Miliband and Jeremy Corbyn, especially the latter two. They represent the renewal of debating, openly, ideas in the party post-New Labour, as opposed to an almost exclusive focus on electoral, pragmatic, concerns under New Labour. It will highlight these debates, the influential thinkers, advisers, MPs and other critical actors involved. Corbyn, with his spectacular rise to becoming leader, has breathed new life into the left's ideas and swung the pendulum within the party back towards prioritizing ideology over electoral concerns.

Outrageous! Bonkers! Fantastic! -A fun, witty and intriguing read. A must buy!- M Christie (Five stars). This book will either cause you to laugh out loud or grit your teeth, in turns, at the fiendish funnies! Most of this hilarious book is based on Mr Corbyn and his fictitious, cantankerous, conservative, elderly neighbour: Mrs

Edith Durkin, who mercilessly comments on all of Corbyn's quotes. She is over 100 years old and misses Willy - her late husband - and moreover, she refuses to die or move out of -Hoxha Street-, Islington. It is a carefully selected kaleidoscope of the very best quotations of Jeremy Corbyn MP and Labour leader, with acid wit by his feisty neighbour - Edith - who uses her biting mocking on various topics, such as Stop The War, the Campaign for Nuclear Disarmament and abolishing weapons of mass destruction, the failures of the Iraq intervention, talking to terrorists, attacks on the Welfare State, the obsession with immigration, inequality and unemployment, the fall of communism, the legacy of Thatcherism, support for a united Ireland and the crisis of capitalism, and obviously the self-effacing humour of Jeremy Corbyn. .

Fully updated new edition of the best-selling political biography. He is a most unlikely revolutionary: a middle-aged, middle-class former grammar schoolboy who honed his radicalism on the mean streets of rural Shropshire. Last summer, this little-known outsider rode a wave of popular enthusiasm to win the Labour Party leadership by a landslide, with a greater mandate than any British political leader before him. This new edition of the critically acclaimed biography brings the Jeremy Corbyn story fully up to date, setting out how this very British iconoclast managed to snatch the leadership of a party he spent forty years rebelling against and, despite rebellion from within his own ranks, managed to galvanise millions to vote for him in the 2017 general election. Engaging, clear-sighted and above all revealing, Comrade Corbyn explores the extraordinary story of the most unexpected leader in modern British politics.

The Left's Jewish Problem

The Road to Corbyn

Following the style of Bunyan’s The Pilgrim’s Progress, The Road to Corbyn begins with the conceit of a dream in which Pilgrim, a contemporary seeker after truth, is introduced to the characters Hope, Charity, and the Interpreter. The Interpreter is Pilgrim’s guide, the voice that presents the big picture of the human species and their development, particularly within the last two hundred and fifty years. The Interpreter’s underlying beliefs about truth serve in this work as a secular counterpart to Bunyan’s belief in evangelical Christianity. The Interpreter’s concerns are with inequality and the unjust distribution of wealth, the suffering that is thereby caused, and the deceptions of self and others that are needed to justify the power structures and politics that reinforce these inequalities and injustices. Pilgrim finds that his specific journey is through the lifetime of the 2010-2015 UK government, continuing past the general election of May 2015 and on to the emergence of Jeremy Corbyn as leader of the Labour Party in opposition. Pilgrim meets those in charge of the prime offices of state such as Health and Welfare, Education and the Treasury – and the Prime Minster himself, as well as the leader of a state similar to the modern Russian federation. Rob Donovan has created a fantasy novel that is hostile to the ideology now shaping the government of the UK. The Road to Corbyn is a telling insight into the mindset of a right-wing government and will appeal to those interested in the UK government and 21st century politics. Writers’ Group comments: ‘I really admire you for writing this book and really do think it has a lot to say’ ‘I have to congratulate you on your insight into the right-wing mindset’

Notebook by Kensington Press. Perfect for writing notes, letters and journaling. High quality white lined paperback. 100 pages per book. Size A4 approximately (8.5" x 11"). Finished in a stunning glossy cover to protect against marks.

'THE POLITICAL BOOK OF THE YEAR' Tim Shipman A blistering narrative exposé of infighting, skulduggery and chaos in Corbyn's Labour party, now revised and updated. * A Times, Guardian, Daily Telegraph, Sunday Times and i Newspaper Book of the Year * Left Out tells, for the first time, the astonishing full story of Labour's recent transformation and historic defeat. Drawing on unrivalled access, this blistering exposé moves from the peak of Jeremy Corbyn's popularity and the shock hung parliament of 2017 to Labour's humbling in 2019 and the election of Keir Starmer. It reveals a party at war with itself, and puts the reader in the room as tensions boil over, sworn enemies forge unlikely alliances and lifelong friendships are tested to breaking point. This is the ultimate account of the greatest experiment seen in British politics for a generation. 'Gripping... Every bit as good as people say' Guardian 'Reads like a thriller...told with panache and pace' Financial Times 'The definitive post-mortem of the Corbyn project' Sunday Times

The Pandemic and the Post-Corbyn Era

Jeremy Corbyn

Orwell Danes takes you on a journey with Jeremy Corbyn to discover how it feels to be loved and loathed in equal measure... Jeremy Corbyn served his Islington North constituents for thirty-two years from the backbenches of the Houses of Parliament before rising to the prominent position of Labour Party Leader on 12th September 2015. No stranger to being ignored, Corbyn has fought for everything he believes to be right, often without the support of his Labour Party colleagues. The book tells the tale of Jeremy Corbyn's rise from obscurity to prominence through the narrative of the British press. From the day he announced his candidacy to the day after his victory in the Labour Party leadership contest, it charts the furore within a dramatic Four-Act structure that will expose the power of democracy in the face of media uncertainty. Never again will you read the daily paper in the same way...

"Jeremy Corbyn has re-packaged socialism into something progressive and essential, something that isn't archaic as we've been told it is for so long. Striving for justice and fairness isn't a sign of our weakness but the sign of our great strength. That's The Corbyn Effect for me and this book explains why."--Maxine Peake Labour's performance in the June 2017 General Election came as a surprise to almost everyone. Few, from the most committed supporters of Jeremy Corbyn to seasoned political commentators, expected the Labour vote share to rise so dramatically and seats to be won with such substantial swings. The Corbyn Effect is the first serious attempt to understand this exciting new phenomenon in British politics. In specially- commissioned essays, writers, academics and activists from across political generations explore the meaning, limitations and potential of Corbynism. How has Corbyn changed the Labour Party? Is his support inside and outside the party likely to last? What can we expect a Corbyn government to achieve?

Jeremy Corbyn Keep Calm Notebook for fans and supporters with 100 college ruled lined pages to fill. This can be used as a diary, journal, doodle book and more for work, school or daily notes. Large White Notebook/Journal for Writing 100 Pages, Jeremy Corbyn Gift for Women, Men, Girls and Boys

Inside Corbyn's Election Machine

Drawing on first-hand interviews with those involved in the campaign, including its most senior figures, Nunns traces the origins of Jeremy Corbyn's remarkable ascent in British politics.

A tale of historical and political 'faction' from debut author Simon L Baxter. The world's first Post-Truth novel, Jeremy and Corbyn is the answer to the challenge of the moment for political fiction writers everywhere. An imagined re-telling of the real events of 2015, including actual speeches and debates mischievously re-spun, the fictitious world of 'Jeremy and Corbyn' speaks a profound truth about the stranger-than-fiction political era we have now entered. Friends since childhood, Jeremy and Corbyn grew up to be very different people, yet maintained their friendship through a combination of inertia and routine. Now all that is about to be put to the test. Austerity Britain, the Scottish referendum, Labour's general election defeat, the mass migration of refugees into Europe, the crisis in Greece, and, of course, the Labour Party leadership contest; around these tumultuous events a story is woven of an establishment in crisis; of hope and alienation; of Reform and Revolution. Join Jeremy, Corbyn, a shadowy right-wing network known only as the 'Inner Steel', a Greek student named Amalia, and a cat called 'El Gato', as they navigate a period in history where everything changed, and nothing would ever be the same again.

The perfect stocking filler, Secret Santa gift or conversation starter for Corbyn haters and lovers this Christmas! This is the man In His Own Words. This is Corbyn on Party Politics, Vision & Principles, Defiance, Leadership and World Affairs, plus a special chapter to capture all his Observations. And if The Little Book of Corbynism't enough, you can collect, compare and contrast the wisdom of Trump, Boris and Corbyn with the full set of in His Own Word titles. Use them to start a lively debate*, to induce a case of riotous laughter, to inspire or to keep you entertained on the loo. *Orange Hippo! publishing takes no responsibility for debates that get out of hand at the pub quiz, office Christmas party or anywhere else. Please read, think and debate responsibly.

Jeremy Corbyn's Labour stands on the brink of power, promising a fundamental re-ordering of British politics. But what, in practice, will this entail? How can a radical government stand up to an establishment that is hostile to any significant redistribution of wealth and power? People Get Ready!dives into the nitty gritty of what's needed to bring about transformative change. Unlike a decade ago, the left's problem is no longer a shortage of big ideas. Inside and outside the Labour Party, an agenda for new forms of public and community ownership is taking shape. Today the biggest danger facing the left is lack of preparedness—the absence of strategies that can make these ideas a reality. People Get Ready! draws on previous attempts at radical change, from the election of Labour at the end of the Second World War and the progressive early days of Mitterrand's presidency in France, to Tony Benn's battles with Harold Wilson and Margaret Thatcher's icy insistence that there was no alternative to free markets. These stories highlight the importance of knowing your allies and, even more, your enemies, of being ready to deal with sabotage and resistance from the highest levels, of being bold enough to transform the structures of government, and of having a mass movement that can both support the leadership and hold it to its radical programme when the going gets tough. Remarkably, democratic socialism in Britain is closer to government than in any other European country. The responsibilities this brings for those supporting the Corbyn project are as great as the opportunities it presents. But there isn't much time to get ready ...

How Jeremy Corbyn Inspired the Young to Create a New Socialism

Get An Insight Into The Corbyn Campaign: Corbyn'S Political Struggles During Reconstruction

A Modern Day Pilgrim's Progress

"I work every single day in some small way to bring forward the end of Jeremy Corbyn's tenure," said Labour's 'Prince of Darkness' Peter Mandelson in 2017. British politics has never before seen a political party sabotage itself to stop its own leader becoming prime minister. Yet, as this explosive account from Corbyn's former speechwriter Alex Nunns shows, that is precisely what happened when an outsider threatened the establishment in Labour and beyond. This was a wrecking operation that changed the course of history. Nunns tells how bureaucrats deep within the bowels of the party worked to throw the 2017 general election; how Labour MPs colluded with a viciously hostile media to keep a Tory government in power; and how an elite network of saboteurs eventually destroyed Corbyn by forcing Labour into a suicidal position on Brexit--at the cost of opening the way for Boris Johnson and his band of hard Brexiteers. Drawing on extensive testimony from those at the very heart of the Corbyn leadership, every page of Sabotage! offers eye-popping revelations of dirty dealing, betrayal, and bureaucratic obstruction stretching to electoral fraud. The full extent of Labour MPs' treachery is exposed for the first time--the incessant negative leaks and briefings to the press, the procedural stitch-ups, and the abuse meted out to Corbyn and his staff. Names are named and no blushes are spared. Skilfully weaving together these separate threads, Nunns argues they were part of a grand effort by the establishment to crush Corbyn, utilising its willing helpers in the party machine, parliament, the media and the state. Impeccably researched yet written with pace and wit, Nunns delivers the definitive account of how, and by whom, Corbyn and his team were sabotaged.

Jeremy Corbyn, Momentum & the General Election 2017

A senior Jewish member of the Labour Party said in August that Corbyn's views are cause for "serious concern." Ivan Lewis, the shadow, or minority, party cabinet minister who is also a former chief executive of the Manchester Jewish Federation, urged his party not to vote for Corbyn. "Some of [Corbyn's] stated political views are a cause for serious concern," Lewis said in letter to his local party members on Friday, according to the Guardian. "At the very least he has shown very poor judgment in expressing support for and failing to speak out against people who have engaged not in legitimate criticism of Israeli governments but in anti-Semitic rhetoric."

Whichever side of the Labour Party you're on, you could probably use a good laugh right now... So rejoice, comrades, for we have the solution. Packed with devastating wit, this priceless compendium has all the finest jokes, scenes and anecdotes to see you through a long, hard political winter. The Little Red Book of Corbyn Jokes - putting the 'ha' into the hard left. A socialist lion walked into a bar. The barman said, 'What's the big Clause Four?' My wife said to me, 'For my anniversary, I want you to get me something expensive,' so I registered her as a supporter of the Labour Party. Why did the chicken cross the road? Neoliberalism.
