It's Guaranteed To Love!

"With insight, wisdom, affection, and concern, Sunstein has written the story of impeachment every citizen needs to know. This is a remarkable, essential book." -Doris Kearns Goodwin No one is above the law, not even the president. Impeachment is the most potent tool the founders gave us to ensure it, and yet few of us even know how it works. As Benjamin Franklin famously put it, Americans have a republic, if we can keep it. Preserving the Constitution and the democratic system it supports is the public's responsibility. One route the Constitution provides for discharging that duty--a route rarely traveled--is impeachment. Expanding beyond violations of the law, impeachment was meant to defend against any action that would undermine the foundations of our republic. Harvard Law professor Cass R. Sunstein provides a succinct citizen's guide to this essential tool of self-government. Taking us deeper than mere partisan politics, he illuminates the constitutional design behind

impeachment and emphasizes the people's role in holding presidents accountable. In spite of the loud national debate over whether or not the House is right to impeach Trump, impeachment itself remains widely misunderstood. Sunstein identifies and corrects a number of common misconceptions, and describes how impeachment helps is an essential piece of our constitutional order, and a crucial part of the framers' decision to install an empowered executive in a nation deeply fearful of kings. With an eye toward the past and the future, Impeachment: A Citizen's Guide considers a host of actual and imaginable arguments for a president's removal, explaining why some cases are easy and others hard, why some arguments for impeachment have been judicious and others not. And with an afterword and appendix on the current impeachment, it puts the national debate in its proper historical context. In direct and approachable terms, it is a guide through the treacherous waters of the impeachment process so that Americans of all political convictions may use their ultimate civic authority wisely.

IMPEACH THIS This funny design presents the quote **IMPEACH THIS** and a middle finger. If you don't support President Trump's impeachment or any other, this sarcastic and ironic journal is perfect for you. It can also be a great impeachment gift for Trump 2020 support. Specifications: Lined journal 120 pages (60 sheets) 6 x 9 inches White paper Glossy cover This funny notebook is great for taking notes at school or in the office. You can also use it as a diary to write down your thoughts or to plan your day. **ENJOY YOUR HANDWRITING!** Originally published at the height of the Watergate crisis, Charles Black's classic *Impeachment: A Handbook* has long been the premier guide to the subject of presidential impeachment. Now thoroughly updated with new chapters by Philip Bobbitt, it remains essential reading for every concerned citizen. Praise for *Impeachment*: "To understand impeachment, read this book. It shows how the rule of law limits power, even of the most powerful, and reminds us that the impact of the law on our lives ultimately depends on the conscience of the individual American."--Bill Bradley, former United States senator "The most important book ever written on presidential impeachment."--Lawfare "A model of how so serious an act of state should be approached."--Wall Street Journal "A citizen's guide to impeachment. . . . Elegantly written, lucid, intelligent, and comprehensive."--New York Times Book Review "The finest text on the subject I have ever read."--Ben Wittes

Please note: This is a companion version & not the original book.

Sample Book Insights: #1 The Declaration of Independence is famous for its opening lines about self-evident truths, about all men being created equal, and about life, liberty, and the pursuit of happiness. But few could tell you what comes next. It is a list of repeated injuries and usurpations caused by King George III. #2 The Constitution 's framers knew that without impeachment, a president could commit crimes and still remain immune from punishment. Without impeachment, a president could simply wait out his term, then

reelection would grant him immunity again. #3 The House of Representatives would investigate, and if the majority of the body agreed with charging the president, they would send articles of impeachment to the Senate, where the president would be tried. Only if two-thirds of the Senate agreed that a president 's conduct was impeachable would he be removed from office. #4 The Constitution 's definition of treason was deliberately very narrow, including only levying war against [the United States] or. . . adhering to their Enemies. The term bribery was left undefined in the Constitution, but it has been debated ever since what qualifies as an impeachable offense.

The history and future of our democracy's ultimate sanction, presidential impeachment, and a guide to how it should be used now *To End a Presidency* addresses one of today's most urgent questions: when and whether to impeach a president. Laurence Tribe and Joshua Matz provide an authoritative guide to impeachment's past and a bold argument about its proper role today. In an era of expansive presidential power and intense partisanship, we must rethink impeachment for the twenty-first century. Of impeachments, one Constitutional Convention delegate declared, "A good magistrate will not fear them. A bad one will be kept in fear of them." *To End a Presidency* is an essential book for all Americans seeking to understand how this crucial but fearsome power should be exercised. *Impeach Impeach Impeach* is exactly what it seems and just what you would expect from soon to be Best Selling Author Yuri Rial Dommas. In Yuri's 11 th book *Impeach Impeach Impeach* he literally spells **IMPEACHMENT** out for you **ON EVERY OTHER PAGE**. That's right, this book is full of it ! It makes a great gag gift for all of your political friends.

Inside The Three-Year Campaign to Impeach Donald Trump

Since the beginning of his presidential term president Donald Trump is faced with constant criticism for his business projects in Russia and his connections with the Russian authorities. On June 12th 2017 US Congressman Brad Sherman submitted the Resolution for Impeaching Donald John Trump, President of the United States, for high crimes and misdemeanors. This book presents the latest investigation results, declassified documents, transcripts and reports of various US security agencies and other actors involved in the investigation of the Russian Interference in the 2016 United States Elections and the connection of the American president with the Russian Government. This book will provide all necessary information on the event that can easily turn out to be the biggest political scandal in the modern American history. Contents: *Impeachment: An Overview of Constitutional Provisions, Procedure, and Practice Efforts to Impeach*

Donald Trump Russian Interference in the 2016 United States Elections Documents Related to Russian Interference Executive Order - Taking Additional Steps to Address the National Emergency With Respect to Significant Malicious Cyber-Enabled Activities Russian Cyber Activity – The Grizzly Steppe Report Assessing Russian Activities and Intentions in Recent US Elections Joint Statement on Committee Inquiry into Russian Intelligence Activities National Security Agency Report Documents & Transcripts Related to Impeachment Attempt Dismissal of James Comey James Comey FBI Farewell Letter Representative Al Green Calls for Trump Impeachment Jason Chaffetz Letter to FBI Over Comey Memo Appointment of Special Counsel to Investigate Russian Interference With the 2016 Presidential Election and Related Matters Comey Statement for the Record Senate Select Committee on Intelligence Impeaching Donald John Trump, President of the United States, for High Crimes and Misdemeanors

In the time that most people take to eat their lunch - around 30 minutes - this book will give you all the information you need to know about how to Impeach President Donald Trump. Easy to understand and filled with page after page of interesting, unusual and fascinating facts about the Grounds for what a President can be Impeached for - The Process that both the US House of Representatives must follow- the History of Impeachments against US Presidents - And finally an Analysis of just how President Trump could be Impeached along with what you can do to make it happen. Millions of Americans are calling for the Impeachment of President Donald Trump but very few people understand what exactly needs to be done to make it happen - and what they can personally do to help. In the time that most people take to eat their lunch - this book will give you all the information you need to know on just exactly how you can Impeach a President of the United States. Did you know that the US Constitution governs the Impeachment of a President? Did you know that the US House of Representatives is the place where a President is voted on to be Impeached? However an Impeachment does not end there. Next the Impeachment would go to the US Senate where there would be a formal Trial Presided over by the Chief Justice of the US Supreme Court. At the end of the Impeachment Trial, each US Senator would vote whether the President is guilty or not guilty of the Crime that he was charged with. If found guilty by the Senate, the President must leave Office. Did you know there have already been three Presidents who have faced Impeachment charges? One of these three Presidents actually came within a single vote of being Impeached. Do you know how the role of Public Opinion will greatly determine the outcome of any Impeachment process? This book shows how the Public Opinion as measured in Approval & Disapproval ratings are making President Trump very vulnerable to an Impeachment process if charged with grounds for Impeachment. At the end of this Book, you will have quickly become an expert on everything you need to know about how to Impeach a President.

Impeach President Donald Trump - in LESS THAN 30 MINUTES

Funny Impeachment Organizer for Men Women Dot Grid Resist Los Angeles: Impeach Trump documents the rally to impeach American President Donald Trump in Downtown Los Angeles on July, 2nd, 2017.

In an alternate history novel, Lincoln escapes assassination by John Wilkes Booth only to face impeachment, and Abigail Canner, a young black woman involved in his defense, helps investigate the murder of the president's counsel.

Incitements to violence... an FBI "loyalty pledge"... an "I love it" response to a Kremlin offer of "Hillary dirt"... the list keeps growing. We the People have seen enough: President Trump is both dangerous, and "not up to the job." This book is a fresh look at an old document: our Constitution. As you will see, the impeachment powers of Congress go far beyond the "Conventional Wisdom" account: Congress can "fire" the President. More specifically, "Conventional Wisdom" tells us that the "heart" of impeachment is in Article II, Section 4, which says: "The President, Vice President and all civil Officers of the United States, shall be removed from Office on Impeachment for, and Conviction of, Treason, Bribery, or other high Crimes and Misdemeanors." Notice: Article II does not say: "Conviction by the Senate" - it just says "Conviction". Unlike "Conventional Wisdom" the impeachment theory of this book presents Article II not as the "heart" of impeachment - but as a special case: Impeached "Civil Officers of the United States" who are guilty of crimes can be removed by either a Senate trial, or a criminal trial. Let's consider what follows from this - with specific application to President Trump. The actual impeachment and removal from office powers - both the House's power to impeach, and the Senate's power hold a decriminalized impeachment trial -- are in Article I. These are powers reserved exclusively for Congress. As we will see, these powers are far more extensive than we have been taught. When you simply read what Article I says - the actual words -- with the basic understanding of impeachment and history that was available to Americans of the Revolutionary War era - all known to the Convention of 1787 -- Congress has the Constitutional power to say to all Civil Officers - the President and the Cabinet: "you're fired." Having a President who is "not up to the job" isn't just unwise - in today's world it's dangerous. Our Constitutional Convention of 1787 knew about human frailty and weakness - and provided far stronger safeguards against it than we have realized. Equally important -- We the People are the ultimate check and balance on Congress. If Congress starts to become too political - trying to "grab power from the Executive" instead of safeguarding us from the misuse or abuse of Executive power - We the People

can and should throw out of office any members of Congress that are doing that. But... of course... then what!? This book also presents a bi-partisan plan for a "Caretaker President Pence" - restrained until We the People can speak again in 2018 - voting on control of the House. More generally, the middle three of the nine chapters are devoted to a thorough analysis of "the politics of impeachment." We the People can and must unite: to defend our Constitution, and to send into retirement our first "Celebrity Apprentice President."

The Book of Impeachment

Our Impeach Trump Notebook Journal Planner is perfect for any anti-trump who wants to stand out at political protest. It reads 'Impeach' and features full sentences about president Trump.

Four experts on the American presidency examine the three times impeachment has been invoked—against Andrew Johnson, Richard Nixon, and Bill Clinton—and explain what it means today.

Impeachment is a double-edged sword. Though it was designed to check tyrants, Thomas Jefferson also called impeachment “ the most formidable weapon for the purpose of a dominant faction that was ever contrived. ” On the one hand, it nullifies the will of voters, the basic foundation of all representative democracies. On the other, its absence from the Constitution would leave the country vulnerable to despotic leadership. It is rarely used, and with good reason. Only three times has a president ’ s conduct led to such political disarray as to warrant his potential removal from office, transforming a political crisis into a constitutional one. None has yet succeeded. Andrew Johnson was impeached in 1868 for failing to kowtow to congressional leaders—and, in a large sense, for failing to be Abraham Lincoln—yet survived his Senate trial. Richard Nixon resigned in August 1974 after the House Judiciary Committee approved three articles of impeachment against him for lying, obstructing justice, and employing his executive power for personal and political gain. Bill Clinton had an affair with a White House intern, but in 1999 he faced trial in the Senate less for that prurient act than for lying under oath about it. In the first book to consider these three presidents alone—and the one thing they have in common—Jeffrey A. Engel, Jon Meacham, Timothy Naftali, and Peter Baker explain that the basis and process of impeachment is more political than legal. The Constitution states that the

president “ shall be removed from Office on Impeachment for, and Conviction of, Treason, Bribery, or other high Crimes and Misdemeanors, ” leaving room for historical precedent and the temperament of the time to weigh heavily on each case. This book reveals the complicated motives behind each impeachment—never entirely limited to the question of a president ’ s guilt—and the risks to all sides. Each case depended on factors beyond the president ’ s behavior: his relationship with Congress, the polarization of the moment, and the power and resilience of the office itself. This is a realist view of impeachment that looks to history for clues about its potential use in the future.

This brilliantly argued and wonderfully written collection by twenty-two of the best political analysts in the US analyzes the extraordinary and unprecedented threat the White House and its allies present to civil liberties, civil rights, the Constitution, international law, and the future of the planet. Impeach the President unearths the stories behind election fraud in 2000 and 2004, the overt lies used to justify pre-emptive war on Iraq, the extensive, ongoing commission of war crimes and torture, the tragic failures in the lead-up to and aftermath of Hurricane Katrina, and lesser-known but equally alarming offences of propaganda and disinformation, illegal spying, environmental destruction, and the violation of the separation of church and state. Loo and Phillips chillingly reveal the full threat behind the radical right-wing force that has taken over the world ’ s most powerful office.

“ That the Left tried to undo the results of the 2016 by whatever means necessary is not in doubt. Fred Lucas reminds us of the dangers this approach poses to constitutional government as he dissects what President Trump has rightly called one of the greatest hoaxes in our history. ” —Cal Thomas, syndicated columnist and bestselling author “ A devastating and comprehensive takedown of Trump ’ s impeachment, and a thoughtful look at the historical context of past impeachments, with strong reporting and research to combat the Left ’ s inevitable rewrite of history. ” —Sara Carter, Fox News Contributor, award-winning correspondent, host of The Sara Carter Show podcast “ Fred Lucas goes beyond the tribalism to the truth. There doesn ’ t need to be any partisan spin here, because the facts of the coup the Democrats attempted speak for themselves. ” —Steve Deace, host of the Steve Deace Show on TheBlaze TV Abuse of Power exposes: • How Elizabeth Warren tried to set an impeachment trap for Trump even before the inauguration. • Why the depths of the Biden family ’ s international conflict of interests are worthy of a federal investigation. • Why Nancy Pelosi caved to The Squad to remain leadership. • How Adam Schiff pushed Jerry

Nadler out of the key spot to lead the impeachment. • How Democrats abandoned what would have been a crowning leftwing achievement in gun control legislation in order to pursue an impeachment that was destined to fail in the Senate. • How Mitt Romney ' s vote to convict likely prevent three moderate Democrats from rebelling against party leaders.
