If you ally obsession such a referred **Kevin Anderson** ebook that will allow you worth, acquire the no question best seller from us currently from several preferred authors. If you desire to droll books, lots of novels, tale, jokes, and more fictions collections are plus launched, from best seller to one of the most current released.

You may not be perplexed to enjoy every ebook collections Kevin Anderson that we will utterly offer. It is not re the costs. Its approximately what you infatuation currently. This Kevin Anderson, as one of the most on the go sellers here will totally be in the middle of the best options to review.

Journey to the final frontier of sci-fi zombie horror! Jim Pike was the world ' s biggest Star Trek fan—until two tours of duty in Afghanistan destroyed his faith in the human race. Now he sleepwalks through life as the assistant manager of a small hotel in downtown Houston. But when hundreds of Trekkies arrive in his lobby for a science-fiction convention, Jim finds himself surrounded by costumed Klingons, Vulcans, and Ferengi—plus a strange virus that transforms its carriers into savage, flesh-eating zombies! As bloody corpses stumble to life and the planet teeters on the brink of total apocalypse, Jim must deliver a ragtag crew of fanboys and fangirls to safety. Dressed in homemade uniforms and armed with prop phasers, their prime directive is to survive. But how long can they last in the ultimate no-win scenario?

The destructive hydrogues continue their war against humans and the fiery entities, the faeros - a struggle that kills planets and extinguishes whole stars. Newly crowned Mage-Imperator Jora'h, the leader of the ancient and vast Ildiran Empire, struggles with new knowledge he has learned: an ancient bargain and long-standing treachery that may finally bring peace with the hydrogues . . . though it could mean the extermination of the human race. In the Terran Hanseatic League, Chairman Basil Wenceslas continues his red-herring war against the Roamer clans, eager to achieve a decisive victory, even against a supposed enemy that poses no threat. Their homes destroyed, the wandering Roamers scatter into hiding, trying to keep their culture and government intact, even when faced with enemies from all sides. Cesca Peroni, leader of the Roamers, finds herself stranded on a small icy outpost where miners have uncovered a hibernating army of alien Klikiss robots. Once released, these robots trigger another dark and ancient plot, one that could lead to a massacre across all human-inhabited planets . . . It was supposed to be just another Sunday night fantasy role-playing session between friends... But after years of playing, the game had become so real to David, Tyrone, Scott, and Melanie that all their creations now had existences of their own. And when the four outside players decide to end their game, the characters inside the game world-warriors, scholars, and the few remaining wielders of magic-band together to keep their land from vanishing. Now they must embark on a desperate quest for their own magic. Magic that can twist the Rules enough to save them all from the evil that the players created to destroy their entire realm. Experience the start of a GameLit/Portal Fantasy Saga from the International Bestseller Kevin J. Anderson, author of the Dune Prequels, Duke of Caladan, Numerous Star Wars novels and over 160 other books. The Hexworld Series is perfect for lovers of all things GameLit, LitRPG, Isekai, and Dungeons & Dragons fans far and wide!

What if the Martian invasion was not entirely the product of H.G. Wells's vivid imagination? What if Wells witnessed something that spurred him to write *The War of the Worlds* as a warning? From drafty London flats to the steamy Sahara, to the surface of the moon and beyond, *The Martian War* takes the reader on an exhilarating journey with Wells and his companions.

Confidently navigate your JMP Scripting Language journey with this example-driven guide! With more than 200 example scripts and applications, *JSL Companion: Applications of the JMP Scripting Language*, Second Edition provides scripters with a resource that takes them beyond the basics of the JMP Scripting Language (JSL) and serves as a companion to writing applications. Avid JSL scripters Theresa L. Utlaut, Georgia Z. Morgan, and Kevin C. Anderson have tapped their expertise to write a task-oriented approach that allows readers to learn scripting by immersion. This edition builds on the earlier edition with substantial new content for scripting enhanced JMP features, such as Graph Builder, new query methods, and enriched display box functionality. A new chapter is dedicated to creating applications with the Add-In Builder and Application Builder. The “ Know Your Tools ” topic has been expanded, including a section on how to use the JMP Debugger. The book begins with an introduction that is intended for the JSL novice and quickly moves into the building blocks of JSL, which include input and output, working with data tables, script-writing essentials, and JMP data structures. The next chapters provide the foundation for building an application and focus on creating reports, communicating with users, customizing displays, and writing flexible scripts. The final chapters include building and deploying applications and helpful tips on planning scripts, debugging, and improving performance.

The titanic war between the elemental alien hydrogues and faeros continues to sweep across the Spiral Arm, extinguishing suns and destroying planets. Chairman Wenceslas and King Peter must now unify the human race with iron-fisted policies in a final bid to stand together -- or face total annihilation. But disparate civilizations are forging new alliances that threaten the old order. The Roamer and Theron clans will not yield their independence, and the new Mage-Imperator Jora'h now faces a threat that no other Ildiran leader has ever seen -- a civil war that could break apart the entire Empire.

Five years after attacking the human-colonized worlds of the Spiral Arm, the hydrogues maintain absolute control over stardrive fuel...and their embargo is strangling human civilization. On Earth, mankind suffers from renewed attacks by the hydrogues and decides to use a cybernetic army to fight them. Yet the Terran leaders don't realize that these military robots have already exterminated their own makers - and may soon turn on humanity. Once the rulers of an expanding empire, humans have become the galaxy's most endangered species. But the sudden appearance of incredible new beings will destroy all balances of power. Now for humans and the myriad alien factions in the universe, the real war is about to begin...and genocide may be the result.

The 9/11 attacks on America marked the beginning of a new era in history, one in which everyday safety is no longer taken for granted. But the forces that triggered those horrific actions have been in place for years -- and experts estimate that as many as 500 terrorist cells exist in America today. In *The Cell*, John Miller and Michael Stone follow the key agents and detectives who know their whereabouts. Listeners will join in the step-by-step process of identifying and linking suspects, as well as learn the politics and pressures, the magnitude and the feel of the greatest manhunt in the history of the world.

Ill Wind

Hexworld Book 1

Night of the Living Trekkies

In 1898, documentary footage of a yacht race was shot by Robert A. Mitchell, making him the first Irishman to shoot a film within Ireland. Despite early exposure to the filmmaking process, Ireland did not develop a regular film industry until the late 1910s when James Mark Sullivan established the Film Company of Ireland. Since that time, Ireland has played host to many famous films about the country_Man of Aran, The Quiet Man, The Crying Game, My Left Foot, and Bloody Sunday_ as well as others not about the country_Braveheart and Saving Private Ryan. It has also produced great directors such as Neil Jordan and Jim Sheridan, as well as throngs of exceptional actors and actresses: Colin Farrel, Colm Meaney, Cillian Murphy, Liam Neeson, Maureen O'Hara, and Peter O'Toole. The Historical Dictionary of Irish Cinema provides essential facts on the history of Irish cinema through a list of acronyms and abbreviation; a chronology; an introduction; a bibliography; and hundreds of cross-referenced dictionary entries on the pioneers and current leaders in the industry, the actors, directors, distributors, exhibitors, schools, arts centers, the government bodies

and some of the legislation they passed, and the films.

Created in collaboration with the legendary rock band, Rush, best-selling author Kevin J. Anderson offers a novelization of group's new album.

Having colonized other worlds, humans are certain the galaxy is theirs for the taking. But they soon discover the horrifying price of their arrogance when a scientific experiment awakens the wrath of the previously unknown Hydrogues and begins a war.

A Critical Study

This first full-length treatment of Lenin's studies of Hegel presents Lenin as a major figure in Hegelian Marxism, providing a more nuanced portrait of his work than that of either official Marxist-Leninism or most Western accounts. "With impressive argumentation and wide-ranging scholarship, Anderson presents us with a Lenin that no one seriously interested in current debates over the relevance of Marxist theory to socialist practice can afford to miss." -- Bertell Ollman, author of *Dialectical Investigations* "An important contribution to grasping the conceptual roots of Marxist theory and practice." -- Tom Rockmore, author of *Hegel's Circular Epistemology* "Today Lenin looks like he did little more than prepare the way for Stalin. You will find the opposite view in this novel study. . . . I recommend the book to anyone seriously interested in Russia and revolution." -- George Uri Fischer, author of *The Soviet System and Modern Society*

Bored with retirement, an ex-spy embarks on a dangerous game, in this Edgar Award winner from a crime writer who is “one of the best” (*The New York Times*). Miles Kendig is one of the CIA's top deep-cover agents, until an injury ruins him for active duty. Rather than take a desk job, he retires. But the tawdry thrills of civilian life—gambling, drinking, sex—offer none of the pleasures of the intelligence game. Even a Russian agent's offer to go to work against his old employers seems dull. Without the thrill of unpredictable conflict, Kendig skulks through Paris like the walking dead. To revive himself, he begins writing a tell-all memoir, divulging every secret he accumulated in his long career. Neither CIA nor KGB can afford to have it in print, and so he challenges them both: Until they catch him, a chapter will go to the publisher every week. Kendig's life is fun again, with survival on the line.

After an unidentified flying object is shot down by Russian MiG fighters, a team of scientists from Project Proteus and their ship are reduced to a size smaller than a human cell and sent to penetrate the surface of the mysterious object and uncover its s

Power duo Kevin J. Anderson and Doug Beason team up in *Kill Zone*, a perilous disaster thriller for the modern age. Deep within a mountain in Albuquerque, New Mexico, a Cold War-era nuclear weapons storage facility is being used to covertly receive more than 100,000 tons of nuclear waste stored across the US. Only Department of Energy employee, Adonia, and a few others including a war hero, a senator, and an environmental activist, are allowed access to perform a high-level security review of the facilities. But Hydra Mountain was never meant to securely hold this much hazardous waste, and it has the potential to explode, taking with it all of Albuquerque and spreading radioactivity across the nation. This disaster situation proves all too possible when a small plane crashes at a nearby military base, setting off Hydra ' s lockdown and trapping Adonia and her team in the heart of the hazardous, waste-filled mountain. Now, the only direction for them to go is deeper into the mountain, through the tear gas and into a secretive area no one was ever supposed to know about. Management Software (DRM) applied.

The most important book yet from the author of the international bestseller *The Shock Doctrine*, a brilliant explanation of why the climate crisis challenges us to abandon the core “ free market ” ideology of our time, restructure the global economy, and remake our political systems. In short, either we embrace radical change ourselves or radical changes will be visited upon our physical world. The status quo is no longer an option. In *This Changes Everything* Naomi Klein argues that climate change isn ’ t just another issue to be neatly filed between taxes and health care. It ’ s an alarm that calls us to fix an economic system that is already failing us in many ways. Klein meticulously builds the case for how massively reducing our greenhouse emissions is our best chance to simultaneously reduce gaping inequalities, re-imagine our broken democracies, and rebuild our gutted local economies. She exposes the ideological desperation of the climate-change deniers, the messianic delusions of the would-be geoengineers, and the tragic defeatism of too many mainstream green initiatives. And she demonstrates precisely why the market has not—and cannot—fix the climate crisis but will instead make things worse, with ever more extreme and ecologically damaging extraction methods, accompanied by rampant disaster capitalism. Klein argues that the changes to our relationship with nature and one another that are required to respond to the climate crisis humanely should not be viewed as grim penance, but rather as a kind of gift—a catalyst to transform broken economic and cultural priorities and to heal long-festering historical wounds. And she documents the inspiring movements that have already begun this process: communities that are not just refusing to be sites of further fossil fuel extraction but are building the next, regeneration-based economies right now. Can we pull off these changes in time? Nothing is certain. Nothing except that climate change changes everything. And for a very brief time, the nature of that change is still up to us.

When Norman Pearlstine—as editor in chief of Time Inc.—agreed to give prosecutor Patrick Fitzgerald a reporter’s notes of a conversation with a "confidential source," he was vilified for betraying the freedom of the press. But in this hard-hitting inside story, Pearlstine shows that "Plamegate" was not the clear case it seemed to be—and that confidentiality has become a weapon in the White House's war on the press, a war fought with the unwitting complicity of the press itself. Watergate and the publication of the Pentagon Papers are the benchmark incidents of government malfeasance exposed by a fearless press. But as Pearlstine explains with great clarity and brio, the press's hunger for a new Watergate has made reporters vulnerable to officials who use confidentiality to get their message out, even if it means leaking state secrets and breaking the law. Prosecutors appointed to investigate the government have investigated the press instead; news organizations such as *The New York Times* have defended the principle of confidentiality at all costs—implicitly putting themselves above the law. Meanwhile, the use of unnamed sources has become common in everything from celebrity weeklies to the so-called papers of record. What is to be done? Pearlstine calls on Congress to pass a federal shield law protecting journalists from the needless intrusions of government; at the same time, he calls on the press to name its sources whenever possible. *Off the Record* is a powerful argument with the vividness and narrative drive of the best long-form journalism; it is sure to spark controversy among the people who run the government—and among the people who tell their stories.

New York Times Bestseller "The ultimate behind-the-scenes account. " —Washington Post “ The definitive history of the landmark TV show. ” —USA Today Join the entire Dunder Mifflin gang on a journey back to Scranton: here’s the hilarious and improbable inside story behind the beloved series. Based on hundreds of hours of exclusive interviews with the cast and creators and illustrated with 100 behind-the-scenes photographs, here, at last, is the untold inside story of *The Office*, featuring a foreword by Greg Daniels, who adapted the series for the U.S. and was its guiding creative force, and narrated by star Brian Baumgartner (aka “ Kevin Malone ”) and executive producer Ben Silverman.. In *Welcome to Dunder Mifflin*, the entire Office gang reunite after nearly a decade to share their favorite untold stories, spill secrets, and reveal how a little show that barely survived its first season became the most watched series in the universe. This ultimate fan companion pulls back the curtain as never before on all the absurdity, genius, love, passion, and dumb luck that went into creating America's beloved *The Office*. Featuring the memories of Steve Carell, John Krasinski, Jenna Fischer, Greg Daniels, Ricky Gervais, Rainn Wilson, Angela Kinsey, Craig Robinson, Brian Baumgartner, Phyllis Smith, Kate Flannery, Ed Helms, Oscar Nunez, Amy Ryan, Ellie Kemper, Creed Bratton, Paul Lieberstein, Ben Silverman, Mike Schur, and many more.

This report examines the impact shale gas drilling in the UK could have on water supplies, energy security and greenhouse gas emissions. The inquiry found no evidence that the hydraulic fracturing process involved in shale gas extraction - known as 'fracking' - poses a direct risk to underground water aquifers provided the drilling well is constructed properly. The MPs, nevertheless, urge the Department of Energy and Climate Change (DECC) to monitor drilling activity extremely closely in its early stages in order to assess its impact on air and water quality. Shale gas extraction could reduce the UK’s dependence on imported gas, but it is unlikely to have a dramatic effect on domestic gas prices. The UK’s onshore and, particularly, offshore shale gas resources could be substantial and the development of the offshore shale gas industry in the UK should be encouraged. Greenhouse gas emissions from gas are lower than from coal, but are still much higher than many low-carbon technologies. The presence of methane in shale gas, a greenhouse gas far more potent than carbon dioxide, has raised concerns. However, methane would only be released through leaks from the well or pipelines and the MPs are confident that this can be easily minimised through regulation and enforcement. Shale gas could reduce carbon dioxide emissions globally by encouraging a switch from coal to gas for electricity generation, but it will not be sufficient to meet long term emissions reductions targets and avoid the worst effects of global climate disruption.

A ruthless mining baron joins forces with an Imperial general to construct their own superweapon, while Luke Skywalker and Callista attempt to restore her Jedi powers and Admiral Daala calls for detente among Imperial warlords to launch a new campaign to dominate the galaxy. Reprint.

As the struggle against the thinking robots continues, Serena Butler's forces continue their battle, the Cymeks scheme to regain their lost power from Omnium, Aurelius Venport and Norma Cenva are on the verge of a seminal scientific discovery, and Selim Wormrider and his Fremen outlaws take the first step into becoming the fighters who would change history. 250,000 first printing.

The Last Days of Krypton is the epic story of the destruction of the planet Krypton, an explosive event that sent Superman and his legacy to earth. Written by award-winning science fiction writer Kevin J. Anderson, author of the international bestselling *Dune* prequels, *The Last Days of Krypton* tells of the marriage of Superman's parents, their struggle to save their planet, and the menace of General Zod, future arch-enemy of Superman. It's the story science fiction and Superman fans have been waiting for!

The Fantastic History of a Dark Genius

Imagine that you slowly and insidiously descend from perfect health into an existence wherein everything that defines you is perniciously plucked from your life. "The Middle of Infinity" chronicles the experience of Kevin R. Anderson, M.D. as he succumbs to, and is ultimately diagnosed with a terrifying "rare, incurable and fatal illness." Only through the miracles of modern medicine, and maintained through the miracles wrought by the unfailing faith, love and support of family and friends, can he find the hope that will ultimately save him. Dr. Anderson intricately details the process of becoming "the patient" and how it taught him what all patients need from their doctors; and from themselves.

Galactic empires clash, elemental beings devastate whole planetary systems, and the factions of humanity are pitted against each other. Heroes rise and enemies make their last stands in the climax of an epic tale seven years in the making. Acclaim for *The Saga of Seven Suns* "Anderson weaves action, romance, and science with a rousing plot reflecting the classic SF of Clarke and Herbert and the glossy cinematic influence of Lucas and Spielberg." --- Publishers Weekly *Starred Review* "Kevin Anderson has created a fully independent and richly conceived venue for his personal brand of space opera, a venue that nonetheless raises fruitful resonances with Frank Herbert's classic *Dune* series." --- Scifi.com "Everything about Anderson's latest is BIG-the war, the history, the aliens.

These are elemental forces battling here, folks. Yet the characters are always the heart of the story, and their defeats and triumphs give perspective to it all." --- Starlog "A soaring epic . . . a space opera to rival the best the field has ever seen." --- Science Fiction Chronicle "Colorful stuff . . . bursting with incidents, concepts, and a massive cast of characters, matching well-thought-out SF ideas with melodrama and interfamily strife." --- SFX

Co-author of the *Dune* sequels, Kevin J. Anderson's *Gods and Dragons* marks his triumphant return to epic fantasy, featuring a politically charged adventure of swords, sorcery, vengeance, and the awakening of sleeping giants. Two continents at war: the Three Kingdoms and Ishara have been in conflict for a thousand years. But when an outside threat arises—the reawakening of a powerful ancient race that wants to remake the world—the two warring nations must somehow set aside generations of hatred to form an alliance against a far more deadly enemy. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

After many years of hardship and bravery, the human race faces its greatest challenge. The sweeping war between titanic races -- a conflict that has obliterated planets, extinguished entire stars, exterminated whole races -- is reaching its end game. Allies become betrayers, strangers become fast friends, and enemies clash in a struggle that will rock the galaxy. For years, the alien Kliikiss robots have pretended to be humanity's friends, but their seeming "help" has allowed them to plant an insidious Trojan Horse throughout the Earth Defence Forces, and the sudden rebellion of Earth's own companies leaves millions dead and the Terran Hanseatic League defenceless. In a desperate attempt to save his own race, the Ildiran Mage-Imperator Jora'h is forced into a devil's bargain with the evil hydrogues, which will require him to ambush and destroy what remains of the human race. But the gypsy Roamer clans and the green priests of the towering worldforest -- scattered stepchildren of humanity -- have found innovative ways to fight, as well as strange allies of incomprehensible power. As the climactic battle is engaged, the Ildiran Solar Navy, the Earth Defence Forces, the Roamers, green priests, Kliikiss robots, and hydrogue warglobes collide in a fury that will destroy many and change the landscape of the Spiral Arm forever.

Adapting the best-selling novel by Kevin J. Anderson! Dr. Gregory, a renowned nuclear weapons researcher, is not only dead - he's been charred to a radioactive cinder. Since this is

a death on Federal property, Mulder and Scully are hastily called in. When a second victim, completely unrelated to nuclear science or Dr. Gregory is obliterated in the New Mexico desert, and then a third dies the same way in Washington, D.C., Mulder and Scully begin to focus on the frightening dimension of their task. The bizarre deaths cannot be a coincidence. And as they work to uncover the secret unifying element that unites these deaths, it becomes clear that this twisted puzzle has fatal consequences for the entire world.

Luke Skywalker finds his academy threatened by untold dangers when his most talented and rebellious student, Kyp Durron, delves dangerously into the Dark Side of the Force, aided by an evil and deadly enemy. Original.

New York Times bestselling author Kevin J. Anderson triumphantly returns to epic fantasy with the *Wake the Dragon* series. Spine of the Dragon is a politically charged adventure of swords, sorcery, vengeance, and the rise of sleeping giants. Two continents at war, the Three Kingdoms and Ishara, are divided by past bloodshed. When an outside threat arises—the reawakening of a powerful ancient race that wants to remake the world—the two warring nations must somehow set aside generational hatreds and form an alliance to fight their true enemy. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

“ [A] fun read....Batman and Superman meet in this retro-flavored novel set amid the Cold War sensibilities of the 1950s. ” —USA Today *The Dark Knight* meets the Man of Steel in *Enemies & Allies*—the thrilling story of the first-ever meeting between Batman and Superman, brilliantly imagined by *New York Times* bestselling author Kevin J. Anderson. One of today ’ s most popular writers pits the iconic superheroes against Lex Luthor and the Soviets—and each other—in a spellbinding story of destiny and duty set against the backdrop of America ’ s Cold War era.

In *Marx at the Margins*, Kevin Anderson uncovers a variety of extensive but neglected texts by Marx that cast what we thought we knew about his work in a startlingly different light. Analyzing a variety of Marx ’ s writings, including journalistic work written for the *New York Tribune*, Anderson presents us with a Marx quite at odds with conventional interpretations. Rather than providing us with an account of Marx as an exclusively class-based thinker, Anderson here offers a portrait of Marx for the twenty-first century: a global theorist whose social critique was sensitive to the varieties of human social and historical development, including not just class, but nationalism, race, and ethnicity, as well. Through highly informed readings of work ranging from Marx ’ s unpublished 1879 – 82 notebooks to his passionate writings about the antislavery cause in the United States, this volume delivers a groundbreaking and canon-changing vision of Karl Marx that is sure to provoke lively debate in Marxist scholarship and beyond. For this expanded edition, Anderson has written a new preface that discusses the additional 1879 – 82 notebook material, as well as the influence of the Russian-American philosopher Raya Dunayevskaya on his thinking.

Pasadena pediatrician Kevin Paul Anderson was admired and trusted by his wife and patients, and looked up to as a mentor by many of his associates. Handsome, athletic, and established, he was also a magnet for women. Deepti Gupta, a thirty-three-year-old fellow doctor, was the kind of conquest Anderson sought: pretty, anxious to do well, and eager to please. It wasn't long before they began having an affair... But the affair soon ended when Deepti told her mentor that she was pregnant with his child. threatened with exposure as a sexual harasser and his career and marriage at risk, Anderson took his lover on a romantic rendezvous in the San Gabriel Mountains. under the stars, Anderson strangled Deepti with his necktie, doused her body and car with gasoline, and shoved both over a steep cliff to make it look like an accident. But was it an outburst of unexpected rage, as Anderson later claimed, or was it premeditated murder? Or was it something more mysterious still? *New Alternate History Fantasy* series created by *New York Times* best-selling author Kevin J. Anderson and Sarah A. Hoyt. Arcane America A new world. New magic. New history. After Halley ’ s Comet was destroyed in a magical battle in 1759, the backlash separated the entire New World from the Old in an event known as *The Sundering*. Now isolated from the rest of the globe, America has become a very different place, where magic works and history has been changed forever. It is 1803—a new 1803. Young Meriwether Lewis, footloose and intrigued, goes to hear a lecture in St. Louis by the venerated old wizard Benjamin Franklin. Franklin ’ s talk is disrupted by the attack of a winged fire-breathing beast, much like legends from Lewis ’ s own Welsh heritage. In the aftermath, Franklin tells the young man that he knows of a great, growing evil that lurks in the uncharted Arcane Territories west of the Mississippi. Using his own vast fortune, Franklin commissions Lewis and his own talented partner William Clark to embark on a remarkable voyage

of exploration, to meet and document the indigenous tribes, to find a route all the way to the Pacific Ocean—and perhaps beyond the magical veil to Europe again—and to stop the growing evil that is filling the American West. For while the Sundering separated the rest of the world and granted the original colonists unexpected magical gifts, sorcery inspired by native legends has also been ignited. And the Arcane Territories may hold unparalleled dangers for the expedition, both natural and magical. Accompanied by the brilliant shape-shifting sorceress Sacajawea, Lewis and Clark set off on an unparalleled adventure across a landscape that no European has ever seen. At the publisher's request, this title is sold without DRM (Digital Rights Management). About Kevin J. Anderson: "Anderson delivers action, engaging characters and credible fantastic worlds in spades . . . not to be missed."—Publishers Weekly "Wickedly funny, deviously twisted and enormously satisfying."—Jonathan Maberry "Anderson has become the literary equivalent of Quentin Tarantino in the fantasy adventure genre."—The Daily Rotation "Prepare to be entertained."—Charlaine Harris " Delivers solid action and will certainly satisfy. " —Booklist on The Winds of Dune About Sarah A. Hoyt: " [Three Musketeers creator] Alexandre Dumas would give [Sarah A. Hoyt] a thumbs up. " —Steve Forbes " [F]anciful and charming. " —Library Journal "First-rate space opera with a moral lesson. You won't be disappointed."—Glenn Reynolds, Instapundit.com " [A] tour de force: logical, built from assumptions with no contradictions . . . gripping. " —Jerry Pournelle " Exceptional, wonderful, and enormously entertaining. " —Booklist "A darkly funny, wonderfully original detective tale."--Kelley Armstrong Single Dead Detective Seeks Clue Ever since the Big Uneasy unleashed vampires, werewolves, and other undead denizens on the world, it's been hell being a detective--especially for zombie P.I. Dan Chambeaux. Taking on the creepiest of cases in the Unnatural Quarter with a human lawyer for a partner and a ghost for a girlfriend, Chambeaux redefines "dead on arrival." But just because he was murdered doesn't mean he'd leave his clients in the lurch. Besides, zombies are so good at lurching. Now he's back from the dead and back in business--with a caseload that's downright unnatural. A resurrected mummy is suing the museum that put him on display. Two witches, victims of a curse gone terribly wrong, seek restitution from a publisher for not using "spell check" on its magical tomes. And he's got to figure out a very personal question--Who killed him? For Dan Chambeaux, it's all in a day's work. (Still, does everybody have to call him "Shamble"?) Funny, fresh, and irresistible, this cadaverous caper puts the P.I. in R.I.P. . . .with a vengeance. "Wickedly funny, deviously twisted and enormously satisfying. This is a big juicy bite of zombie goodness. Two decaying thumbs up!"--Jonathan Maberry "Anderson has become the literary equivalent of Quentin Tarantino in the fantasy adventure genre."--The Daily Rotation "An unpredictable walk on the weird side. Prepare to be entertained." --Charlaine Harris A Doctor's Journey Through Illness
