Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The

titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or

if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers.

Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

Kutztown University (KU) traces its origins to the Fairview
Seminary. In 1860, Henry R. Nicks opened Fairview Seminary
as a select school where more advanced subjects than those
offered in the area were taught. In 1864, Nicks opened a new
Maxatawny Seminary on the site where KU ' s Old Main stands
today. With growth, efforts were made to convert the seminary
into a public state normal school. On September 15, 1866,
Maxatawny Seminary officially became Keystone State Normal
School (KSNS). KSNS was dedicated to preparing students for
the teaching profession. With emphasis placed on student life
and the school ' s Pennsylvania German heritage, this book tells
the story of KU from its modest beginnings as a teacher
training school to its current mission of providing high-quality
education.

Excerpt from The Centennial History of Kutztown, Pennsylvania: Celebrating the Centennial of the Incorporation of the Borough, 1815-1915 Readers will, certainly, discover errors in this publication. But for these indulgence is craved. No one is more conscious than the editor, chairman of the committee; of the shortcomings of the volume. That omissions, mis-statements, duplications, and even contradictions will be found is quite likely. Some misprints will occur. Critics may notice lack of uniformity in style. "The Fundamentals of Public Relations: What it is and How to Do it Well gives students a complete understanding of the essentials of the discipline and teaches them how to apply and practice them successfully. While many standard textbooks concentrate on explaining what public relations is, The Fundamentals of Public Relations also emphasizes how to conduct public relations and initiate successful public relations tactics. After a brief introduction to the field the book moves to public relations research and the legal implications of public relations practice. Separate and distinct chapters are devoted to employee, media, community, consumer, and government relations. Essential forms of communication are discussed in chapters on public relations writing and social media. The book concludes with an examination of the future of public relations and the role of tomorrow's practitioners. The Fundamentals of Public Relations effectively combines an introduction to key concepts with a practical approach to successful implementation. The book is a foundational text for students new to the discipline. It can also serve as an ancillary reader for courses in marketing and advertising. Dr. Joseph Harasta, APR, is an associate professor of

communication studies at Kutztown University of Pennsylvania. He earned his Ed.D. in innovation and leadership at Wilmington University, and his subsequent research and instruction have focused on integrated marketing communications, public relations planning, and public opinion. He has developed public relations campaigns for professional sports teams, colleges and universities, and for-profit and non-profit organizations. His most recent publications include, "Jersey Strong, Right?: A Communications Analysis of New Jersey's Post-Hurricane Sandy Tourism Recovery," from Case Studies in Strategic Communication, Volume 3 and "The Amish--A People of Preservation and Profitability: A Look at the Amish Industry in Lancaster County, Pennsylvania" from Journal of Amish and Plain Anabaptist Studies, Volume 2. He is accredited in public relations from the Public Relations Society of America."
