The epistemology of testimony has experienced a growth in interest over the last twenty-five years that has been matched by few, if any, other areas of philosophy. *Testimony: A Philosophical Introduction* provides an epistemology of testimony that surveys this rapidly growing research area while incorporating a discussion of relevant empirical work from social and developmental psychology, as well as from the interdisciplinary study of knowledge-creation in groups. The past decade has seen a number of scholarly monographs on the epistemology of testimony, but there is a dearth of books that survey the current field. This book fills that gap, assessing the strengths and weaknesses of all major competing theories. All chapters conclude with Suggestions for Further Reading and Discussion Questions.

The Law of Expert Testimony

Releasing the Spirit of Prophecy

Scott Turow, #1 New York Times bestselling author and "one of the major writers in America" (NPR), returns with a page-turning legal thriller about an American prosecutor's investigation of a refugee camp's mystifying disappearance. At the age of fifty, former prosecutor Bill ten Boom has walked out on everything he thought was important to him: his law career, his wife, Kindle County, even his country. Still,

when he is tapped by the International Criminal Court--an organization charged with prosecuting crimes against humanity--he feels drawn to what will become the most elusive case of his career. Over ten years ago, in the apocalyptic chaos following the Bosnian war, an entire Roma refugee camp vanished. Now for the first time, a witness has stepped forward: Ferko Rincic claims that armed men marched the camp's Gypsy residents to a cave in the middle of the night--and then with a hand grenade set off an avalanche, burying 400 people alive. Only Ferko survived. Boom's task is to examine Ferko's claims and determine who might have massacred the Roma. His investigation takes him from the International Criminal Court's base in Holland to the cities and villages of Bosnia and secret meetings in Washington, DC, as Boom sorts through a host of suspects, ranging from Serb paramilitaries, to organized crime gangs, to the US government itself, while also maneuvering among the alliances and treacheries of those connected to the case: Layton Merriwell, a disgraced US major general desperate to salvage his reputation; Sergeant Major Atilla Doby, a vital cog in American military operations near the camp at the time of the Roma's disappearance; Laza Kajevic, the brutal former leader of the Bosnian Serbs; Esma Czarni, Ferko's alluring barrister; and of course, Ferko himself, on whose testimony the entire case rests--and who may know more than he's telling. A master of the legal thriller, Scott Turow has returned with his most irresistibly confounding and satisfying novel yet.

By shedding light on the many factors that can intervene and create inaccurate testimony, Elizabeth Loftus illustrates how memory can be radically altered by the way an eyewitness is questioned, and how new memories can be implanted and old ones changed in subtle ways. *New York Times Bestseller* • On the 40th anniversary of The Band's legendary *The Last Waltz* concert, Robbie Robertson finally tells his own spellbinding story of the band that changed music history, his extraordinary personal journey, and his creative friendships with some of the greatest artists of the last half-century. Robbie Robertson's singular contributions to popular music have made him one of the most beloved songwriters and guitarists of his time. With songs like "The Weight," "The Night They Drove Old Dixie Down," and "Up on Cripple Creek," he and his partners in The Band fashioned a music that has endured for decades, influencing countless musicians. In this captivating memoir, written over five years of reflection, Robbie Robertson employs his unique storyteller's voice to weave together the journey that led him to some of the most pivotal events in music history. He recounts the adventures of his half-Jewish, half-Mohawk upbringing on the Six Nations Indian Reserve and on the gritty streets of Toronto; his odyssey at sixteen to the Mississippi Delta, the fountainhead of American music; the wild early years on the road with rockabilly legend Ronnie Hawkins and The Hawks; his unexpected ties to the Cosa Nostra underworld; the gripping trial-by-fire "going electric" with Bob Dylan on his 1966 world tour, and their ensuing celebrated collaborations; the formation of the Band and the forging of their unique sound, culminating with history's most famous farewell concert, brought to life for all time in Martin Scorsese's great movie *The Last Waltz*. This is the story of a time and place--the moment when rock 'n' roll became life, when legends like Buddy Holly and Bo Diddley criss-crossed the circuit of clubs and roadhouses from Texas to Toronto, when The Beatles, Hendrix, The Stones, and Warhol moved

through the same streets and hotel rooms. It's the story of exciting change as the world tumbled through the '60s and early 70's, and a generation came of age, built on music, love and freedom. Above all, it's the moving story of the profound friendship between five young men who together created a new kind of popular music. Testimony is Robbie Robertson's story, lyrical and true, as only he could tell it.

David Woodman's reconstruction of the mysterious events surrounding the disappearance of two British exploration vessels in 1845, under the command of Sir John Franklin, challenges standard interpretations and promises to replace them. Among the many who have tried to discover the truth behind the Franklin disaster, Woodman recognizes the profound importance of the Inuit testimony and analyzes it in depth. He concludes from his investigations that the Inuit probably did visit Franklin's ships while the crew was still on board and that there were some Inuit who actually saw the sinking of one of the ships. He maintains that fewer than ten bodies were found at Starvation Cove and that the last survivors left the cove in 1851, three years after the standard account assumes them to be dead. Woodman also disputes the conclusion of Owen Beattie and John Geiger's book *Frozen in Time* that lead-poisoning was a major contributing cause of the disaster.

GOLD MEDAL WINNER, GLOBAL EBOOK AWARDS We testify in accordance with what we know and have experienced. ...It's time to learn and experience more The first book in this thought-provoking series explained how testimony relates to the Bible; this book will help you understand how testimony relates to living. "Living...The Testimony" will not only encourage Christians to reflect on who they believe Jesus to be (and why they choose to believe this), but it will also correct current misconstrued ideas as to what the Christian testimony is all about. - a testimony is not about church; - a testimony is not about God; - a testimony is not about faith in general terms; - this book contains numerous testimonies that will strengthen your faith in Jesus. A strong Christian testimony is one that continually grows in the knowledge of Jesus, continually shares that knowledge boldly, while at the same time performs good works based on Jesus' teaching of love-all while abstaining from works of darkness. Because a biblical testimony deals not only with our belief system, but also with the way we conduct our whole lives, our Christian testimony becomes our most valuable asset. It is life itself. **ARE YOU LIVING THE TESTIMONY?** - This book includes an appendix on the Sabbath Rest. Do we currently understand God's holy time of rest? The answer will astound you...and set you free to be more like Jesus. - This book includes Deidre Havrelock's personal testimony regarding her demonic possession and her amazing

deliverance.

An Extraordinary Message of Life After Death

They express a sense of commitment to relate the factual events of the Holocaust period to the present generation of readers.

An account based on the author's experiences of communicating with her deceased best friend describes how her friend began contacting her telepathically three weeks after passing away, in an account that offers insight into the peaceful and transitional nature of life after physical death. Original. Black youth, particularly college-educated youth, are the supposed inheritors of the civil rights struggles. Although symbols of victory for the generation that came before them, they are actively engaged in a new struggle—one for their own identities. In *Testimony*, Black students across the country express their generation's shared experiences—from racism in school to the politics of hair. One student considers the dynamics between Black men and women as he explores his own relationships; another writes of her decision to attend a women's college, and the importance of women role models in her development. Through their compelling poetry and prose, these student writers claim identities from fragmented lives, embrace themselves, and resurrect their spirits.

Talking Ourselves into Being Christian

At a New England boarding school, a sex scandal is about to break. Even more shocking than the sexual acts themselves is the fact that they were caught on videotape. A Pandora's box of revelations, the tape triggers a chorus of voices -- those of the men, women, teenagers, and parents involved in the scandal -- that details the ways in which lives can be derailed or destroyed in one foolish moment. Writing with a pace and intensity surpassing even her own greatest work, Anita Shreve delivers in *Testimony* a gripping emotional drama with the impact of a thriller. No one more compellingly explores the dark impulses that sway the lives of seeming innocents, the needs and fears that drive ordinary men and women into intolerable dilemmas, and the ways in which our best intentions can lead to our worst transgressions.

Examines the ethical and pedagogical stakes of representing the Holocaust in books, films, and museum exhibits.

On her seventy-fifth birthday, the author's mother confessed to an affair more than three decades past. His father's response was unforgiving. Her need to confess met his limitless rage. She acted out of love; he sought revenge. Their battle consumed everything and everyone around them. In the middle of this struggle, she was diagnosed with cancer. Two years later, she died. *Testimony* is a son's memoir of this struggle. Paul Kahn finds here a story of the twentieth century, beginning with poverty in the Depression and immigration from Hitler's Germany. He follows

his father's experience of the war and his return with PTSD. He traces his parents' movement through the turbulent 60s. More than a study of twentieth-century culture, *Testimony* is a philosophical inquiry into the possibility of faith in a secular age. History, philosophy, and theology flow together as Kahn finds in his parents' lives the resources for a series of essays on the nature of truth, memory, death, and faith. *Testimony* is most of all a meditation on love in a time in which the very possibility of faith is constantly put to the test.

What if our view of testimony is all wrong? Integrating sociological analysis and theological reflection, Amanda Drury presents testimony as not merely something that describes what happened in the past, but as an essential practice for Christian spiritual formation, especially for adolescents in the process of developing their identity.

A Commentary on the Book of Revelation - Volume 2 The author presents a detailed study of the Book of Revelation emphasizing prophetic themes from the rest of the Bible which find their fulfillment in Revelation. To understand this controversial book, the author explores the many connections between the visions seen by the Apostle John and previous prophetic revelation given to Old Testament prophets such as Daniel, Ezekiel, and others. It is the author's conviction that an understanding of related passages elsewhere in the Bible is the most important key to unlocking the bewildering variety of interpretations which often accompany the study of the last book of the Bible. The commentary can be used in conjunction with a free companion internet course providing an additional 70 hours of audio instruction linked to almost 1,000 slides.

In this unique collection, Yale literary critic Shoshana Felman and psychoanalyst Dori Laub examine the nature and function of memory and the act of witnessing, both in their general relation to the acts of writing and reading, and in their particular relation to the Holocaust. Moving from the literary to the visual, from the artistic to the autobiographical, and from the psychoanalytic to the historical, the book

defines for the first time the trauma of the Holocaust as a radical crisis of witnessing "the unprecedented historical occurrence of...an event eliminating its own witness." Through the alternation of a literary and clinical perspective, the authors focus on the henceforth modified relation between knowledge and event, literature and evidence, speech and survival, witnessing and ethics.

A critical survey of the contemporary philosophical debate about the word of others as a source of knowledge, pointing to areas of future research.

The testimony of expert witnesses to inform courtroom decisions is critical if intelligent and just verdicts are to be reached. Few judges, jurors or lay witnesses possess the necessary knowledge to adequately understand the complexities of human behaviour as they relate to acts of interpersonal violence. While lay witnesses can testify to actual incidents or observations, it is the expert witness who can provide forensic significance to such evidence. This volume clearly defines the need for and role of expert witnesses in litigation. The author demystifies the process, and provides practical guidance on preparing and presenting expert testimony. In so doing, he will assist courts to more accurately assess and weigh evidence.

In this groundbreaking book, Thomas G. Long—a theologian and respected authority on preaching—explores how Christians talk when they are not in church. Testimony breaks the stained-glass image of religious language to show how ordinary talking in our everyday lives—talk across the backyard fence, talk with our kids, talk about politics and the events of the day—can be sacred speech. In a world of spin, slick marketing, mindless chatter, and easy deceptions, Testimony shows that the hunger for truthful, meaningful, and compassionate speech is ultimately grounded in truth about God. Presents a history of native American and white relations from the earliest encounters to the present day.

"A magisterial and landmark work, one that merits wide and thoughtful readership not only by historians, but, more important, by those of us who count on historians to tell us truly about our past."—New York Times "A testament to the resilience of the black spirit, faced with a primitive and largely conscienceless regime."—Bertram Wyatt-Brown, South Atlantic Quarterly "This volume does much more than merely present a rich collection of judiciously selected and skillfully edited sources of the history of slavery; in the process it reveals a host of large-as-life slaves and ex-slaves: Kale, the precocious eleven-year-old Mende of the Amistad rebels, who quickly learned to write eloquent and polished English; Harry McMillan of Beaufort, South Carolina, who talked frankly of black love and marriage; Charlotte Burris of Kentucky, so 'afflicted' that her husband was permitted to buy her for only \$25.00—'as much as I was worth,' she self-effacingly said; and many more. This illumination of the slave as an individual is really what the book is all about."—Journal of Southern History "A mammoth presentation of two centuries of slave recollections . . . extraordinary firsthand narratives that should become the premier reference volume on the slave experience for years to come."—Columbia (SC) State "The largest collection of annotated and authenticated accounts of slaves ever published in one volume. . . . Synnott Professor of Christian Education at Princeton Theological Seminary, USA -- Jesus Christ Reveals Himself To A Hindu! Prema Sankarsingh Pelletier was born and raised on the grounds of a Hindu temple. Her family never deviated from the strong Hindu religion, culture, and customs inherited from their ancestors. The Name of Jesus was never mentioned. But then, when she was only twelve years of age, Jesus came to her personally in two dreams. Not knowing what to make of this heavenly visitation, and not being able to discuss it with her family, she simply carried on as usual. Then, from the age of seventeen onward, her life began rapidly spiraling downward—primarily because of arranged marriages resulting in domestic violence. Desperately looking for God, she traveled to India, ascending the slopes of the Himalayan Mountains and bathing in the Ganges River. She even worshiped cows and cobra snakes, but nothing helped. By the age of thirty-one, she hit rock bottom. Then God intervened in a miraculous way. I never thought I would write a book about my testimony, especially since it involves sensitive subjects like childhood sexual abuse and rape in the military.
