Meet Phil Stokes. He's a journalist; sort of. He's the most respected reporter at The American Snitch—a gossip rag, junk-food news tabloid. As far as he's concerned, that makes him the biggest, fattest catfish in a steaming cesspool. He'd strived to be a real journalist, but years ago, his dreams and family were yanked away by a toxic twist of fate. Now he drinks himself through life and smokes a quarter of his income. But between reporting Bigfoot sightings and UFO abductions, he reports real news if it happens to be sensational enough to grab the attention of people in supermarket checkout lines. Then one day, he reports something that attracts the attention and rage of a group who threatens to derail what remains of his life and career. In desperation, his boss sends him on an obligatory vacation. Lawyers make work difficult, and private investigators track his every move. To make matters worse, his body finally reels from the many years of abuse he'd put it through. Being true to his craft, he figured he'd go after another story. He found one. But while reporting miracles was in his day-to-day life, he'd never found a real one until he stumbled upon a story that forced him to fight for his life. He was determined to find the truth and, along the way, found redemption.

By the New York Times bestselling author of *The Bone Clocks* | Shortlisted for the Man Booker Prize A postmodern visionary and one of the leading voices in twenty-first-century fiction, David Mitchell combines flat-out adventure, a Nabokovian love of puzzles, a keen eye for character, and a taste for mind-bending, philosophical and scientific speculation in the tradition of Umberto Eco, Haruki Murakami, and Philip K. Dick. The result is brilliantly original fiction as profound as it is playful. In this groundbreaking novel, an influential favorite among a new generation of writers, Mitchell explores with daring artistry fundamental questions of reality and identity. *Cloud Atlas* begins in 1850 with Adam Ewing, an American notary voyaging from the Chatham Isles to his home in California. Along the way, Ewing is befriended by a physician, Dr. Goose, who begins to treat him for a rare species of brain parasite. . . . Abruptly, the action jumps to Belgium in 1931, where Robert Frobisher, a disinherited bisexual composer, contrives his way into the household of an infirm maestro who has a beguiling wife and a nubile daughter. . . . From there we jump to the West Coast in the 1970s and a troubled reporter named Luisa Rey, who stumbles upon a web of corporate greed and murder that threatens to claim her life. . . . And onward, with dazzling virtuosity, to an inglorious present-day England; to a Korean superstate of the near future where neocapitalism has run amok; and, finally, to a postapocalyptic Iron Age Hawaii in the last days of history. But the story doesn't end even there. The narrative then boomerangs back through centuries and space, returning by the same route, in reverse, to its starting point. Along the way, Mitchell reveals how his disparate characters connect, how their fates intertwine, and how their souls drift across time like clouds across the sky. As wild as a videogame, as mysterious as a Zen koan, *Cloud Atlas* is an unforgettable tour de force that, like its incomparable author, has transcended its cult classic status to become a worldwide phenomenon. Praise for *Cloud Atlas* "[David] Mitchell is, clearly, a genius. He writes as though at the helm of some perpetual dream machine, can evidently do anything, and his ambition is written in magma across this novel's every page."—The New York Times Book Review "One of those how-the-holy-hell-did-he-do-it? modern classics that no doubt is—and should be—read by any student of contemporary literature."—Dave Eggers "Wildly entertaining . . . a head rush, both action-packed and chillingly ruminative."—People "The novel as series of nested dolls or Chinese boxes, a puzzle-book, and yet—not just dazzling, amusing, or clever but heartbreaking and passionate, too. I've never read anything quite like it, and I'm grateful to have lived, for a while, in all its many worlds."—Michael Chabon "Cloud Atlas ought to make [Mitchell] famous on both sides of the Atlantic as a writer whose fearlessness is matched by his talent."—The Washington Post Book World "Thrilling . . . One of the biggest joys in *Cloud Atlas* is watching Mitchell sashay from genre to genre without a hitch in his dance step."—Boston Sunday Globe "Grand and elaborate . . . [Mitchell] creates a world and language at once foreign and strange, yet strikingly familiar and intimate."—Los Angeles Times

With everything going right for once in Jesse's life, all the nightmares of Dean behind her now, the new baby on the way, what more could she ask for? Find, Flee, Fight

All that Celeste Wilder ever wanted was to find someone who would sweep her off her feet like she had seen in countless romantic movies. When she meets the gorgeous and mysterious Constantin brothers her senior year of high school, she gets much more than what she had bargained for. As they introduce her to an exciting supernatural world that she never imagined existed, she makes a startling discovery about her own family legacy and is forced to make a decision that will change her life forever.

Thirteen-year-old Carruthers "Danni" McAllister receives an enchanted pouch as a birthday gift from her grandfather, which she must use to save her family from the deadly extortionist known as "El Cobra," who is holding her family for a \$20 million ransom.

A Regency-era romantic adventure where a Duke is ordered to assume guardianship over a bold young woman whose refuses to believe her parents lives were lost during a treasure hunt. The first in a three-book series.

This is an extension of my book, 'When the Law becomes Lawless', the difference being that we are now looking at exceptional professionals who have gone to incredible lengths to 'serve and protect' not because it is their job, but because of who they are. Everyone, every day, has the opportunity to do some good for someone, an act of kindness and charity, for whatever the reason or reasons may be, benevolence that is pleasing in the eyes of God, this is people caring, really caring, especially those represented here in this book! This not only includes men and women in uniform but also ordinary people of various ages. These Guardians are also our 'Guardian Angels' who are a cut above... We don't know when or if ever but many of us during the course of our lives find ourselves in a difficult, and sometimes, life threatening situations whereas the consequences are dire and all seems lost. Then, out of nowhere, everything changes for the better and many times we may not always know their names but will forever remember them for the role they played in our lives... I call them 'The Guardian's'... who were born to serve! God bless them one and all.

The Guardian (Found Her)

Transforming Market Society in the Era of Climate Change

Reveals there is a Guardian Angel assigned to each person, parish, diocese, city, etc., and explains how they work and what they do for us. Fascinating stories. (5-1.50 ea.; 10-1.25 ea.; 25-1.00 ea.; 50-.80 ea.; 100-.70 ea.)

It is 1975 when members of the Divine Seraphion Society are exterminated by a terrible evil force. Now the surviving members have just one hope left: the birth of the Cherished Guardian destined to bring a new manifesto for the preservation of beauty and freedom throughout their sacred Revlenion. Thirteen years later, a curious yet tragic phenomenon aligns the stars and sets events into motion. On the night of Landon Tuolumnes twelfth birthday, he and his sister, Makari, are left feeling forgotten and lost. After being rescued by a distant relative, the Tuolumnes are brought to a quiet seaside town and where they are soon led onto fortuitous paths between two mysterious creatures: a tinker man intent on freeing himself from a trinket that could bring fame, fortune, and fantasy to its possessor; and a young detective with an invitation to a marvelous place where he hopes to carefully guide the siblings but only if they believe in the magic that awaits them. In this tale of charm and malice, two siblings embark on a spellbinding adventure into a sacred land where they must endure whimsical horrors in order to return home and find the happiness and acceptance they have always desired.

There is surely something of "natural magic" in that! The wilder capacity of the mountains is brought out especially in a weird story of a haunted girl, an episode well illustrating the writer's more imaginative psychological power; for, in spite of its quiet general tenour, the book has its adroitly managed elements of sensation--- witness the ghost, in which the average human susceptibility to supernatural terrors takes revenge on the sceptical Mr. Wendover, and the love-scene with Madame de Netteville, which, like those other exciting passages, really furthers the development of the proper ethical interests of the book.

VIRGIN BRIDES Celebrate the joys of first love with unforgettable stories by our most beloved authors. Dark Secrets

Has politics reached breaking point? Rather than defending liberalism or abandoning it, how can a socially just and ecological alternative be built? Peadar Kirby investigates the causes of our current multifaceted global crisis by drawing on the work of Karl Polanyi. This book explores Polanyi's theory that social disruptions result from the attempt to run society according to the rules of the market. Drawing on these ideas, it outlines pathways towards an alternative future that overcome weaknesses in Marxism. Linking the ecological, political and socio-economic crises, Kirby identifies that an alternative socio-ecological model is emerging, consistent with the insights of Polanyi. Karl Polanyi and the Contemporary Political Crisis is an urgent intervention into key debates on the future of politics, on the low-carbon transition, on automation and on the emerging world order.

Terpilih menjadi Panglima Tertinggi Guardian membuat Tristan harus mencari bayi perempuan manusia berusia kurang dari satu tahun untuk dijadikan anak asuh sebagai simbol bahwa kaum guardian bukan hanya pelindung penduduk Immorland, tapi juga pelindung manusia. Akhirnya dengan tak acuh Tristan memilih Emily, bayi perempuan berumur sebelas bulan di salah satu panti asuhan, yang terus mengekorinya dengan langkah kaku dan senyum lebar tanpa gigi khas balita. Tapi apa jadinya jika semakin dewasa, Emily malah memikat hati Tristan? Semakin lama dia tidak bisa menahan hasrat untuk menjadikan Emily sebagai miliknya. Padahal menjalin hubungan asmara dengan kaum manusia adalah larangan keras bagi penduduk Immorland. Dan Tristan sebagai Panglima Tertinggi Guardian, memiliki tanggung jawab menghukum orang-orang yang melanggar aturan. Haruskah Tristan memendam perasaannya demi aturan dan membiarkan Emily dimiliki lelaki lain meski itu sangat menyakitkan? Ataukah dia memilih melanggar peraturan dan menodai nama besarnya demi memenuhi hasrat hatinya? Cover by Grace Yui

"Florimond Claude, comte de Mercy-Argenteau (20 April 1727 in Li è ge, Belgium - 25 August 1794 in London, England) was an Austrian diplomat. He was the son of Antoine, comte de Mercy-Argenteau, and entered the diplomatic service of Austria going to Paris in the train of Reichsf ü rst Kaunitz. He became Austrian minister at Turin, at St Petersburg, and in 1766 at Paris, where his first work was to strengthen the alliance between France and Austria, which was cemented in 1770 by the marriage of the dauphin, afterwards Louis XVI, with Archduchess Maria Antonia of Austria, youngest daughter of Empress Maria Theresa. When four years later Louis and Marie Antoinette ascended the throne, Mercy-Argenteau became one of the most powerful personages at the French court by influencing and manipulating Marie-Antoinette, which led to make her very unpopular with the French nobility and French people. He was in Paris during the turbulent years which heralded the French Revolution, and his powerful aid was given first to Lom é nie de Brienne, and then to Necker."--Wikipedia.

Empyrean to Earth Duty?this time as a mortal?and one last chance to fulfill his purpose. Kendi's sentence has been carefully structured by Jah, and unbeknownst to him, it would compound and morph into a greater responsibility and greater threat than he could have ever imagined. Kendi's inadequacy and bad attitude soon draw the attention of the Dominion army, the Angelic Host, and a pack of hostile football players, and he becomes the target of revenge from all sides. All of Kendi's hatred and preconceived notions about the human race seem to be coming to fruition until he encounters a ?glitch in the matrix,? Sarielle Breland, a selfless young woman who shatters his carefully constructed facade and ignites a host of foreign emotions that he is not prepared to handle.

A "must-read romance" featured in USA TODAY Eighteen-year-old Declan Jane is just trying to make it through senior year in San Mar, the Northern California coastal town she's lived in all her life. Perpetually under the radar, she's surprised by the pull she feels to a mysterious and attractive new student, Alexander Ronin. Despite all the girls vying for his attention, Declan is the one he's drawn to, and she finds herself returning his interest. As the intensity of their attraction builds and she discovers the truth behind his appearance in San Mar, he reveals the danger she's in and why their relationship holds deadly consequences. But as Declan overcomes her fears and fights for her life, the connection between the two lovers may be the only thing that can save them both. Deeply romantic and extraordinarily suspenseful, this story will stay with readers long after the last page is turned.

This book begins when Lee Kaaler returns home from a weekend vacation on the Oregon coast only to find his apartment has been ransacked. He immediately calls the police, who discover there are no spoons in his apartment. They also tell him the burglary appears to have been well planned and professionally done, implying the burglar and his or her bosses thought Lee had something of value. He knows he owns nothing unusual for a bachelor, and certainly nothing valuable. A week later his parents home is also burgled with the same result: only spoons were taken and all other valuable possessions ignored. When Lee tries to make sense of these events, he remembers that he in fact does own a spoon, a sterling silver spoon he inherited from his grandmother, but it is in his safety deposit box. The more he thinks about the spoon, the more he feels compelled to retrieve it. After doing so Lee takes it to his place and examines it carefully.

While looking at it, he notices the image of a ceiling fan can be seen in its bowl. At first this surprises him; then it frightens him: there is no ceiling fan in his apartment! Quite suddenly, the image of the ceiling fan is replaced by that of a man, a man who speaks with a strange accent and says that he has been trying to contact Lee for many years. Even more distressing, he insists on referring to Lee as the Guardian. SPOONWORLD: The Guardian and the FarCaller is the first of five books that tell of Lees discovery of the powers of that spoon and of a counterpart whose family has a long history of contact with previous Guardians the last of which was Lees grandmother. As Lee strives to learn more about his heritage, he discovers he is being stalked by the Gerits, a family who learned of the Kaaler spoon through an accident that befell Lees great great uncle. The Gerits already have a massive fortune, but want to use the spoons rumored powers of seeing into the future to add political and commercial power to their holdings. This, the first SPOONWORLD novel, tells how Lee and FarCaller cooperate to harness their powers to battle the Gerits. Surprising Lee even more, he learns FarCaller has enemies on his world the world Lee calls Spoonworld. Lee finds himself helping FarCaller fight against threats to his life. Failure for either man to protect the other could result in losing a war no one besides them and the Gerits know even exists but, with such a loss, disastrous consequences could befall this nation.
