"An excellent book by a genius," said Kurt Vonnegut, Jr., of this now classic exploration of the 1960s from the founder of new journalism. "This is a book that will be a sharp pleasure to reread years from now, when it will bring back, like a falcon in the sky of memory, a whole world that is currently jetting and

jazzing its way somewhere or other."--Newsweek In his first book, *The Kandy-Kolored Tangerine-Flake Streamline Baby* (1965) Wolfe introduces us to the sixties, to extravagant new styles of life that had nothing to do with the "elite" culture of the past.

She trips on his front steps. When he grabs her arms to steady her, she feels a tingling, almost like an electric charge. He's grinning. Does he feel it too? It's April, and Suzanna Smith is in Blue Ridge, county seat of Fannin County, Georgia, to find a summer rental. She has a

10-week leave of absence from her Manhattan PR job, and plans to research her late grandmother Smith's ancestors. Grandma Rose was born here and claimed to be part Cherokee. To help Suzanna find the right rental now, and Smith family records later, is Tom Wolf, a Blue Ridge realtor, amateur genealogist, local historian, and full-blooded Cherokee. Arriving for their first meeting in his home office, she notices that he's much better looking in person than in his unsettling website photo. He shows her the perfect rental cabin and agrees to research

her family's history. If only his attitude didn't make her want to slap his handsome face! The victim, at age 23, of a short, disastrous marriage, Suzanna wonders if she will ever again be able to trust a man. Most of the men she's dated in the eight years since her divorce were successful and seemed nice, but weren't exciting enough to make her overcome her fears. Now, she's feeling that excitement with a totally unsuitable man. Tom hates cities, especially Manhattan, and what about Suzanna's career? Besides, Tom already has a girlfriend-Colleen, who if jealous looks could draw blood, Suzanna would be dead. Luckily, Suzanna has people she can count on: her brother Ron, and her best friend Ellen Grant, the daughter of Sharon and the late international architect, Dale Grant. Suzanna's future may be more challenging than she could have predicted. Funny, how

swiftly life can change. "America's nerviest journalist" (Newsweek) trains his satirical eye on Modern Art in this "masterpiece" (The Washington Post) Wolfe's style has never been more dazzling, his wit never more keen. He addresses the scope of Modern Art, from its founding days as Abstract Expressionism through its transformations to Pop, Op, Minimal, and Conceptual. The Painted Word is Tom Wolfe "at his most clever, amusing, and irreverent" (San Francisco Chronicle). WITH AN INTRODUCTION BY US ASTRONAUT SCOTT KELLY 'Tom Wolfe at his very best... Learned, cheeky, risky, touching, tough, compassionate, nostalgic, worshipful, jingoistic - The Right Stuff is superb' New York Times Book Review 'What is it' asks Wolfe, 'that makes a man willing to sit on top of an enormous Roman Candle...and wait for someone to light the fuse?' Arrogance?

Stupidity? Bravery? Courage? Or, simply, that quality we call 'the right stuff'? A monument to the men who battled to beat the Russians into space, The Right Stuff is a voyage into the mythology of American heroics, and a dizzying dive into the sweat, fear, beauty and danger of being on the white-hot edge of history in the making. In Fire's Way 40th Anniversary Revised and Updated Edition Pennsylvania's Municipal Pension Challenges The Right Stuff Tom Wolfe Recommendations from Governor Tom Wolf's Task Force on Municipal Pensions A midnight ritual by a secret society in the English Countryside nearly costs Thomas Spell his life. He returns home to Chicago to find that he carries within himself something unspeakable - a condition for which he believes there is no cure, until he meets Penelope, a beautiful and brilliant pre-med student determined to heal him. But the Brotherhood searches for him still,

convinced that he holds the key to an unimaginable power. As his life begins to spiral out of control, Thomas is forced to confront his own past, as well as the dark forces closing in on him and everything he holds dear.

Winner of the Sophie Brody Medal A moving and uplifting history set to music that reveals the rich life of one of the first internationally renowned female violinists. Spanning generations, from the shores of the Black Sea to the glittering concert halls of New York, *The Nightingale's Sonata* is a richly woven tapestry centered around violin virtuoso Lea Luboshutz. Like many poor Jews, music offered an escape from the prejudices that dominated society in the last years of the Russian Empire. But Lea's dramatic rise as an artist was further accentuated by her scandalous relationship with the revolutionary Onissim Goldovsky. As the world around them descends in to chaos, between revolution and war, we follow Lea and her family from Russia to Europe and eventually, America. We cross paths with Pablo Casals, Isadora Duncan, Emile Zola and even Leo Tolstoy. The little girl from Odessa will eventually end up as one of the founding faculty of the prestigious Curtis Institute of Music, but

along the way she will lose her true love, her father, and watch a son die young. The Iron Curtain would rise, but through it all, she plays on. Woven throughout this luminous odyssey is the story is Cesar Franck's "Sonata for Violin and Piano." As Lea was one of the first-ever internationally recognized female violinists, it is fitting that this pioneer was one of the strongest advocates for this young boundary-pushing composer and his masterwork.

The story of the thrilling 1932 baseball season and Babe Ruth's called shot. Men first flew into space in 1961, but until now few people have had a sense of the most engrossing side of that adventure: namely, the perceptions and goals of the astronauts themselves, aloft and during certain remarkable odysseys on earth. *Woodstock Artists Association One Hundred Years of Community and Art Radical Chic and Mau-Mauing the Flak Catchers Managing a Nonprofit Organization From Bauhaus to Our House A Man in Full* After critiquing—and infuriating—the art world with *The Painted Word*, award-winning author Tom Wolfe shared his less

than favorable thoughts about modern architecture in *From Bauhaus to Our Haus*. In this examination of the strange saga of twentieth century architecture, Wolfe takes such European architects as Ludwig Mies van der Rohe, Le Corbusier, and Bauhaus art school founder Walter Gropius to task for their glass and steel box designed buildings that have influenced—and infected—America's cities. The maestro storyteller and reporter provocatively argues that what we think we know about speech and human evolution is wrong. "A whooping, joy-filled and hyperbolic raid on, of all things, the theory of evolution." (Dwight Garner, *New York Times*) Tom Wolfe, whose legend began in journalism, takes us on an eye-opening journey that is sure to arouse widespread debate. *THE KINGDOM OF SPEECH* is a captivating, paradigm-shifting argument that speech--not evolution--is responsible for humanity's complex societies and achievements. From Alfred Russel Wallace, the Englishman who beat Darwin to the theory of natural selection but later renounced it, and through the controversial work of modern-day anthropologist Daniel

Everett, who defies the current wisdom that language is hard-wired in humans, Wolfe examines the solemn, long-faced, laugh-out-loud zig-zags of Darwinism, old and Neo, and finds it irrelevant here in the Kingdom of Speech.

Bonds forged in the crucible of Special Operations are unbreakable. Former Navy SEAL Tom Wolf and retired Green Beret Sam McFadden are members of that brotherhood, having served together in the Philippines. Leaving America's elite military fraternity for civilian life, McFadden and his wife have put down deep roots in San Diego. Navy SEAL Tom Wolf, a modern-day ronin grappling with a future that does not include his beloved military, joins the McFaddens for an extended stay. Turning their world upside down, a hired Manila assassin, working with a local Asian gang, has sworn to eliminate all three. The deadly confrontation binds them together as only a near-death experience can.

"Wolf traces Carhart's twists and turns to show a man whose voice was distinctive and contrary, who spoke from a passionate concern for the land and could not be counted on for anything else."--BOOK

The Right Stuff

Wolf's Inferno

Collects all 58 of the distinguished American author's short stories in order of their first publication
Radical Chic and Mau-Mauing the Flak Catchers is classic Tom Wolfe, a funny, irreverent, and "delicious" (The Wall Street Journal) dissection of class and status by the master of New Journalism
The phrase 'radical chic' was coined by Tom Wolfe in 1970 when Leonard Bernstein gave a party for the Black Panthers at his duplex apartment on Park Avenue. That incongruous scene is re-created here in high fidelity as is another meeting ground between militant minorities and the liberal white establishment. Radical Chic provocatively explores the relationship between Black rage

and White guilt. Mau-Mauing the Flak Catchers, set in San Francisco at the Office of Economic Opportunity, details the corruption and dysfunction of the anti-poverty programs run at that time. Wolfe uncovers how much of the program's money failed to reach its intended recipients. Instead, hustlers gamed the system, causing the OEO efforts to fail the impoverished communities.
Vintage Tom Wolfe, The Bonfire of the Vanities, the #1 bestseller that will forever define late-twentieth-century New York style. "No one has portrayed New York Society this accurately and devastatingly since Edith Wharton" (The National Review) "A page-turner . . . Brilliant high comedy." (The New Republic) Sherman McCoy, the central figure of Tom Wolfe's first novel, is a young investment banker with a fourteen-room apartment in Manhattan. When he is involved in a freak accident in the Bronx, prosecutors, politicians, the press,

the police, the clergy, and assorted hustlers high and low close in on him, licking their chops and giving us a gargantuan helping of the human comedy, of New York in the 1980s, a city boiling over with racial and ethnic hostilities and burning with the itch to Grab It Now. Wolfe's novel is a big, panoramic story of the metropolis that reinforces the author's reputation as the foremost chronicler of the way we live in America.

Only yesterday boys and girls spoke of embracing and kissing (necking) as getting to first base. Second base was deep kissing, plus groping and fondling this and that. Third base was oral sex. Home plate was going all the way. That was yesterday. Here in the Year 2000 we can forget about necking. Today's girls and boys have never heard of anything that dainty. Today first base is deep kissing, now known as tonsil hockey, plus groping and fondling this and that.

Second base is oral sex. Third base is going all the way. Home plate is being introduced by name. And how rarely our hooked-up boys and girls are introduced by name!-as Tom Wolfe has discovered from a survey of girls' File-o-Fax diaries, to cite but one of Hooking Up's displays of his famed reporting prowess. Wolfe ranges from coast to coast chronicling everything from the sexual manners and mores of teenagers... to fundamental changes in the way human beings now regard themselves thanks to the hot new field of genetics and neuroscience. . . to the inner workings of television's magazine-show sting operations. Printed here in its entirety is "Ambush at Fort Bragg," a novella about sting TV in which Wolfe prefigured with eerie accuracy three cases of scandal and betrayal that would soon explode in the press. A second piece of fiction, "U. R. Here," the story of a New York artist who triumphs precisely because of his total lack of talent,

gives us a case history preparing us for Wolfe's forecast ("My Three Stooges," "The Invisible Artist") of radical changes about to sweep the arts in America. As an espresso after so much full-bodied twenty-first-century fare, we get a trip to Memory Mall. Reprinted here for the first time are Wolfe's two articles about The New Yorker magazine and its editor, William Shawn, which ignited one of the great firestorms of twentieth-century journalism. Wolfe's afterword about it all is in itself a delicious draught of an intoxicating era, the Twistin' Sixties. In sum, here is Tom Wolfe at the height of his powers as reporter, novelist, sociologist, memoirist, and-to paraphrase what Balzac called himself-the very secretary of American society in the 21st century.

A Practical Guide to Life in the Wildfire Danger Zone Updated Twenty-First-Century Edition

The Bonfire of the Vanities

Big men. Big money. Big games. Big libidos. Big trouble. A decade ago, *The Bonfire of the Vanities* defined an era--and established Tom Wolfe as our prime fictional chronicler of America at its most outrageous and alive. This time the setting is Atlanta, Georgia--a racially mixed late-century boomtown full of fresh wealth, avid speculators, and worldly-wise politicians. The protagonist is Charles Croker, once a college football star, now a late-middle-aged Atlanta real-estate entrepreneur turned conglomerate king, whose expansionist ambitions and outsize ego have at last hit up against reality. Charlie has a 28,000-acre quail-shooting plantation, a young and demanding second wife--and a half-empty office tower with a staggering load of debt. When star running back Fareek Fanon--the pride of one of Atlanta's grimmest slums--is accused of raping an Atlanta blueblood's daughter, the city's delicate racial balance is shattered overnight. Networks of illegal Asian immigrants crisscrossing the continent, daily life behind bars, shady real-estate syndicates, cast-off first wives of the corporate elite, the racially charged politics of college sports--Wolfe shows us the disparate worlds of contemporary America with all the verve, wit, and insight that have made him our most phenomenal, most admired

contemporary novelist. *A Man in Full* is a 1998 National Book Award Finalist for Fiction. **MANAGING A NONPROFIT ORGANIZATION** has been an essential resource for nonprofit administrators, managers, and business professors since 1984. It is a classic in its field. But much has changed since it was last updated in 1999, as the United States reels from political, economic, and demographic shifts, all of which impact nonprofit organizations every day. In the current economy, nonprofits are trying to make ends meet. They are responding to technological innovation in the age of social media and viral marketing. Nonprofit administrators, trustees, and volunteers need Thomas Wolf ' s solid advice now more than ever. So do the many college and university students preparing for work in the nonprofit arena. Dr. Wolf ' s update of *Managing a Nonprofit Organization* includes material that tackles the demands and challenges faced by nonprofit managers as a result of the legislative and policy changes enacted after 9/11 and in the wake of the economic collapse of 2008. Highlighting the generational issues facing many nonprofits, as current management ages and a younger generation prepares to take the reins, Dr. Wolf suggests ways for organizations to best manage these transitions and adapt to a rapidly changing world. In easy-to-understand language and with study questions at the end of each chapter, Dr. Wolf explains how to cope with all the changes, giving you everything you need to know to be a highly successful nonprofit leader.

A fire fighting tool for homeowners and firefighters alike, this guide discusses both the properties of wildfires and ways to minimize damage. Authored by an environmental journalist with advanced degrees in forestry, it is a must-have book designed to help westerners understand the Wildfire Danger Zone.

There is no shortage of donors. What is lacking is our ability to relate to the donors we already have. That, in essence, is the message of Thomas Wolf's new book, *How to Connect with Donors and Double the Money You Raise*. Too often today we see donors through the distorted lens of retention rates, average gifts, moves management, and gift table place setters. It's as if our donors have become video game avatars we can manipulate. But that's not how top fundraisers operate. Those who secure the largest gifts do something many of us seem afraid of in this electronic age. They shake hands, they meet for lunch, they lend an ear, they commiserate, they celebrate. And, most importantly, they're genuine. As *How to Connect with Donors and Double the Money You Raise* makes brilliantly clear, successful fundraising is all about turning a name into a relationship. When you do, the money will flow.

Classic Wolfe, a funny, irreverent, and "delicious" (The Wall Street Journal) dissection of class and status by the master of New

Journalism. "On the night of January 4, 1970, Maestro and Mrs. Leonard Bernstein threw a bash in their thirteen-room park Avenue pad to raise money for the Black Panthers Defense Fund. New York society will probably never play *Lady Bountiful* in quite the same way again, because among the Beautiful People present was Tom Wolfe, pop sociologist and parajournalist supreme." --Book World
Far from the crowds and the usual clichés, Berlin offers countless off-beat experiences and is home to any number of well-hidden treasures that are revealed only to residents and travellers who find their way off the beaten track. Look Homeward, Angel by Thomas Wolfe is about a young man's burning desire to leave his small town and tumultuous family in search of a better life, in 1929. It is Wolfe's first novel, and is considered a highly autobiographical American coming-of-age story. The character of Eugene Gant is generally believed to be a depiction of Wolfe himself. The novel covers the span of time from Eugene's birth to the age of 19. The setting is the fictional town and state of Altamont, Catawba, a fictionalization of his home town, Asheville, North Carolina. Rich with lyrical prose and vivid characterizations,

this twentieth-century American classic will capture the hearts and imaginations of every reader.

Ron Powers's tour de force has been widely acclaimed as the best life and times, filled with Mark Twain's voice, and as a great American story. Samuel Clemens, the man known as Mark Twain, invented the American voice and became one of our greatest celebrities. His life mirrored his country's, as he grew from a Mississippi River boyhood in the days of the frontier, to a Wild-West journalist during the Gold Rush, to become the king of the eastern establishment and a global celebrity as America became an international power. Along the way, Mark Twain keenly observed the characters and voices that filled the growing country, and left us our first authentically American literature. Ron Powers's magnificent biography offers the definitive life of the founding father of our culture.

A big, panoramic story of the new America, as told by our master chronicler of the way we live

now. As a police launch speeds across Miami's Biscayne Bay-with officer Nestor Camacho on board-Tom Wolfe is off and running. Into the feverous landscape of the city, he introduces the Cuban mayor, the black police chief, a wanna-go-muckraking young journalist and his Yale-marinated editor; an Anglo sex-addiction psychiatrist and his Latina nurse by day, loin lock by night-until lately, the love of Nestor's life; a refined, and oh-so-light-skinned young woman from Haiti and her Creole-spouting, black-gang-banger-stylin' little brother; a billionaire porn addict, crack dealers in the 'hoods, "de-skilled" conceptual artists at the Miami Art Basel Fair, "spectators" at the annual Biscayne Bay regatta looking only for that night's orgy, yenta-heavy ex-New Yorkers at an "Active Adult" condo, and a nest of shady Russians. Based on the same sort of detailed, on-scene, high-energy reporting that powered Tom Wolfe's previous bestselling novels, BACK TO BLOOD is another brilliant, spot-on, scrupulous, and often hilarious reckoning with our times.

The Last Stand of the Pack
Critical Edition

Originally published: New York: Farrar, Straus & Giroux, 1965.

From "America's nerviest journalist" (Newsweek)--a breath-taking epic, a magnificent adventure story, and an investigation into the true heroism and courage of the first Americans to conquer space. "Tom Wolfe at his very best" (The New York Times Book Review) Millions of words have poured forth about man's trip to the moon, but until now few people have had a sense of the most engrossing side of the adventure; namely, what went on in the minds of the astronauts themselves - in space, on the moon, and even during certain odysseys on earth. It is this, the inner life of the astronauts, that Tom Wolfe describes with his almost uncanny empathetic powers, that made *The Right Stuff* a classic. This critical edition explores the past and future of wolves in Colorado. Originally published in 1929, *The Last Stand of the Pack* is a historical account of the extermination of what were then believed to be the last wolves in Colorado. Arthur H. Carhart and Stanley P. Young describe the wolves' extermination and extoll the bravery of the federal trappers hunting them down while simultaneously characterizing the wolves as cunning individuals and noble adversaries to the growth of the livestock industry and the settlement of the West. This is

nature writing at its best, even if the worldview expressed is at times jarring to the twenty-first-century reader. Now, almost 100 years later, much has been learned about ecology and the role of top-tier predators within ecosystems. In this new edition, Carhart and Young's original text is accompanied by an extensive introduction with biographical details on Arthur Carhart and an overview of the history of wolf eradication in the west; chapters by prominent wildlife biologists, environmentalists, wolf reintroduction activists, and ranchers Tom Compton, Bonnie Brown, Mike Phillips, Norman A. Bishop, and Cheney Gardner; and an epilogue considering current issues surrounding the reintroduction of wolves in Colorado. Presenting a balanced perspective, these additional chapters address views both in support of and opposed to wolf reintroduction. Coloradans are deeply interested in wilderness and the debate surrounding wolf reintroduction, but for wolves to have a future in Colorado we must first understand the past. *The Last Stand of the Pack: Critical Edition* presents both important historical scholarship and contemporary ecological ideas, offering a complete picture of the impact of wolves in Colorado. Managing a nonprofit organization has many challenges. One key to success is building a

strong relationship between the executive director and the board of trustees. This book is a treasure trove of information for navigating the personal, political, and legal minefields that cause so many nonprofits to fail. Dozens of case studies illuminate the key issues that often impede the progress of nonprofit organizations. Each chapter also contains a set of questions that enable leaders to reflect on the health of their own organization and also evaluate other nonprofits, as well as to create sustainable, effective business practices and productive working relationships. Topics discussed here include:

- Communication between managerial parties
- Sharing powers and responsibilities
- Fund-raising
- Financial oversight and boundaries
- Planning programs
- Hiring and firing
- Developing partnerships
- Assessing business practices *
- Building productive working relationships *

And much more Whether you are an executive director, a board member, or someone contemplating either important role, *Effective Leadership in Nonprofit Organizations* is an excellent resource for understanding the dynamics of nonprofits and creating a strong organization.
